EXPLANATION: The purpose of this project is to provide preliminary engineering and design services for the City of St. Petersburg - 1st Street Bicycle Trail Project (North Bay Trail – Phase 2).

This project will be developed under FDOT's Local Agency Program. The City received LAP certification in August 2000 to provide design, bid/award, and construction oversight services for federally funded projects within City limits. As indicated in the LAP Agreement, the estimated total cost is \$270,500. Project costs for design consultant(s) and City staff will be borne initially by the City, and the City will recoup all related project costs from FDOT.

The scope of work includes, but is not limited to, design, permitting, project management and administration of a 10' wide concrete bicycle trail within existing rights of way, along the east side of 1st Street North, from 30th Avenue to 78th Avenue North. Pursuant to the City's Bicycle Pedestrian Master Plan, this section of the 1st Street Bicycle Trail (North Bay Trail - Phase 2) will serve to connect existing trail segments including the Rio Vista Trail and the 62nd Avenue North sidepath with the 1st Street Bicycle Trail (North Bay Trail – Phase 1) and Downtown Trail Extension.

This project will be performed in accordance with all applicable FDOT procedures, guidelines, manuals, standards, and directives as described in the FDOT LAP Manual.

these additional revenues; and providing an effective date. (FDOT Financial Project No. 424532 738 01)
