

**ST. PETERSBURG CITY COUNCIL**  
**Consent Agenda**  
**Meeting of May 7, 2009**

TO: The Honorable Jeff Danner, Chair, and Members of City Council

SUBJECT: Approving the renewal of a maintenance agreement with the State of Florida Department of Transportation for the purpose of performing roadway sweeping on selected primary roadways in Pinellas County, Florida; authorizing the Mayor or his designee to execute all documents necessary to effectuate this transaction; and providing an effective date.

EXPLANATION: On June 19, 2008, City Council authorized the Mayor to enter into a Highway Maintenance Memorandum of Agreement with the State of Florida Department of Transportation (FDOT), for a one-year period, with two (2) one (1) year options to renew, to provide routine mechanical road and bridge sweeping services located within and adjacent to the corporate limits of the City of St. Petersburg. The Agreement included designated areas of various State Routes 60, 590, 580, 586, 651, 694, 600, 682, 679, 693, 699, 688, 687 and 686/US 19, Alternate US 19.

In a letter dated February 18, 2009, FDOT requested the City to renew the agreement for year one (1) of the two (2) year optional renewal periods under the same terms.

Sweeping cycles will be 12 times per year for 3,613.776 curb miles per year at the unit price of \$57.98 per curb mile. The terms and conditions of this Agreement provide for FDOT payments that offset all City expenses associated with delivering the services. Annual revenues to be derived from contract services will be \$209,526.73.

Administration recommends approval of the attached resolution approving the renewal of a maintenance agreement with the State of Florida Department of Transportation for the purpose of performing roadway sweeping on selected primary roadways in Pinellas County, Florida; authorizing the mayor or his designee to execute all documents necessary to effectuate this transaction; and providing an effective date.

COST/FUNDING/ASSESSMENT INFORMATION: Revenue received from FDOT will be deposited into the Stormwater Utility Operating Fund 4011 4001329, Stormwater FDOT Sweeping, and will be used to offset the operating and capital equipment costs.
