

**SAINT PETERSBURG CITY COUNCIL
Consent Agenda
Meeting of November 5, 2009**

To: The Honorable Jeff Danner, Chair and Members of City Council

Subject: Renewing annual cooperative purchase agreements with J.H. Williams Oil Company, Inc. for gasoline and diesel fuel and Port Consolidated, Inc. for bio-diesel fuel at an estimated annual cost of \$4,826,926.

Explanation: On December 4, 2008 and June 4, 2009 respectively City Council approved agreements for gasoline, diesel and bio-diesel fuel effective through December 16, 2009. Under the renewal of contract clause, the city reserves the right to extend the contracts for four one-year periods if mutually agreeable. This is the first renewal.

J. H. Williams furnishes and delivers unleaded 87 octane gasoline and ultra low sulfur diesel No. 2 fuel in transport loads (7,500 gallons or more) or by tankwagon loads (4,200 gallons or less). Approximately one percent of this fuel is resold to USF, St. Petersburg Housing Authority, Pinellas County Head Start and The Looper Group. The resale fuel is dispensed at city pumps.

Port Consolidated, Inc. furnishes and delivers biodiesel fuel to be used in all diesel powered vehicles and heavy equipment including dump trucks, street sweepers and fire trucks. The fuel will be furnished in transport loads.

The price per gallon is based on Port of Tampa Florida average terminal rack prices published daily in Oil Price Information Service, United Publications (OPIS) the day the order is placed plus a fixed fee for delivery and applicable taxes.

Purchasing Department, in cooperation with the Fleet Management Department, recommends for renewal:
