## MEMORANDUM

**TO:** The Honorable Chair and Members of the City Council

**FROM:** Mark A. Winn, Chief Assistant City Attorney

**DATE:** June 27, 2014

**RE:** Ordinance – Making findings concerning dwell times of electronic message signs

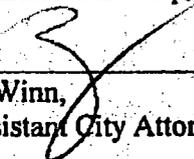

---

As City Council has been previously advised, the constitutionality of the City's Sign Code was challenged in the case of *State of Florida v. Founders Property and David McKalip*, Case No. CTC-13-24375MOANO. While the City prevailed in most aspects of that case, as a result of that challenge, an order was entered on May 12, 2014 wherein the county court found City Code Section 16.40.120.15.B.4. to be unconstitutional, *but only to the extent that the City did not articulate a significant governmental interest* in the different dwell times for electronic message signs at large facilities (10 seconds) compared with electronic message signs at other types of venues (1 minute).

The Order appropriately found that the sign ordinance in general is not unconstitutional and that this section of the Code is content-neutral, which subjects it to intermediate scrutiny. Under that standard, the legislation is upheld if it is narrowly tailored to serve a significant governmental interest and leaves open alternative means of communication. In this case, the court found that the City failed to articulate what the City's significant governmental interest was in having the different dwell times.

We recommend that the City Code be amended by expanding the existing 'purpose and findings' section and adding a specific purpose section for dwell times that articulates the City's significant governmental interest in having shorter dwell times for electronic message signs at large facilities and digital off-premise signs. The reason for the different dwell times, as set forth in the 'whereas' clauses and proposed purpose section, is to regulate the density of signs with shorter dwell times in a way that applies uniformly to property owners and to reduce the number of signs throughout the City with short dwell times. Both of these purposes will help to achieve the Sign Code's articulated goals of uniformity, aesthetics, and safety.

Attached please find an ordinance which we believe achieves those purposes and the DRC Staff Report which further explains these purposes. Please contact me if you have any questions.

ORDINANCE NO. \_\_\_\_\_

AN ORDINANCE AMENDING CITY CODE SECTION 16.40.120.15.B REGARDING DIGITAL OR ELECTRONIC MESSAGE CENTERS BY REGULATING THE DWELL TIME FOR MESSAGES; PROVIDING FOR PURPOSES AND FINDINGS FOR DIFFERENT DWELL TIMES AND FOR SIGN REGULATIONS IN GENERAL; PROVIDING FOR ADDITIONAL CLARIFYING LANGUAGE; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City of St. Petersburg finds that signs, especially electronic message signs with short dwell times, can create a safety hazard by distracting motorists, pedestrians, and others; and

WHEREAS, the City of St. Petersburg desires to protect the safety of motorists, pedestrians, and others from distractions caused by signs, especially electronic message signs with short dwell times; and

WHEREAS, the City of St. Petersburg finds and determines that signs, especially electronic message signs with short dwell times, detract from the aesthetic beauty of the City's landscape; and

WHEREAS, the City of St. Petersburg finds and determines that the preservation of the City's scenic beauty promotes tourism by establishing visual attractiveness for the City and promoting its general economic and cultural development consistent with the City's interest in aesthetics; and

WHEREAS, the City of St. Petersburg wishes to preserve the aesthetic beauty of the City; and

WHEREAS, the regulation of signage for purposes of aesthetics has long been recognized in controlling law and sound planning practices and principles as advancing the public welfare; and

WHEREAS, the City of St. Petersburg understands and recognizes the importance and significance of signage as a method of business advertising and communication in the context of the current economic times and media usage; and

WHEREAS, the City of St. Petersburg finds and determines that the unregulated density of electronic message center signs with short dwell times can magnify their adverse impacts on both traffic safety and aesthetics; and

WHEREAS, the City of St. Petersburg finds and determines that the enactment of this Ordinance will serve to lessen hazardous situations, as well as confusion and visual clutter otherwise caused by the proliferation, placement, and distracting characteristics of signs, especially electronic message signs with short dwell times, which compete for the attention of pedestrian and vehicular traffic; and

WHEREAS, the City of St. Petersburg finds and determines that signs, especially electronic message center signs with short dwell times, detract from the natural and manmade beauty of the City; and

WHEREAS, the City of St. Petersburg finds and determines that this ordinance will preserve and enhance the attractiveness and economic well-being of the City as a place to live, visit, and conduct business; and

WHEREAS, the City of St. Petersburg finds and determines that electronic message signs with short dwell times increase the distraction of drivers passing by the signs, thereby adversely affecting traffic safety; and

WHEREAS, the City of St. Petersburg finds and determines that regulating the density of electronic message signs with short dwell times will increase traffic safety and enhance the aesthetics of the City; and

WHEREAS, the City of St. Petersburg finds and determines that a practical way to regulate the density of signs with short dwell times is to limit short dwell times to those signs that are located on large sites consisting of 20 acres or more which contain an arena, theater, or other place of public assembly with 20,000 or more fixed seats or on digital or electronic off-premise signs (billboards), both of which are required to be adjacent to and oriented toward an interstate highway; and

WHEREAS, the City of St. Petersburg finds and determines that the higher rate of speed on interstates and the limited number of such signs reduces or eliminates the possibility for drivers to see more than one sign at a time; and

WHEREAS, the City of St. Petersburg finds and determines that there are a limited number of such locations in the City, which substantially reduces the possible number of such signs; and

WHEREAS, the City of St. Petersburg finds and determines that the sign regulations adopted in this ordinance allow adequate means of communication and freedom of speech; and

WHEREAS, the City of St. Petersburg finds and determines that for all the foregoing reasons and for the reasons set forth in the following City Code sections, that establishing different dwell times for different facilities in different situations and establishing a uniform sign code serves a significant governmental interest and leaves open ample alternative means of communication.

NOW, THEREFORE, THE CITY OF ST. PETERSBURG DOES ORDAIN:

SECTION 1. Section 16.40.120.15.B.4. of the City Code is hereby amended to read as follows:

4. Dwell time.

a. Legislative Findings and Determinations. The recitals (whereas clauses) in Ordinance No. \_\_\_\_\_ demonstrate a significant governmental interest and are hereby adopted as the legislative findings of the City of St. Petersburg and are incorporated into the sign code as if set forth *in haec verba*.

b. Requirements. The dwell time, defined as the interval of change between each individual message, shall be at least one minute. Any change of message shall be completed instantaneously. There shall be no special effects between messages.

c. Purpose. The longer minimum dwell time for electronic message centers that are not large facility signs or digital or electronic off-premise signs is intended to further the significant governmental interests of this sign code, as specified in Section 16.40.120.1 and this section, including uniformity, aesthetics, and safety, by reducing the density of signs with short dwell times and by minimizing the proliferation of signs with short dwell times throughout the City.

SECTION 2. Section 16.40.120.1. of the City Code is hereby amended to read as follows:

16.40.120.1. Purpose and findings.

~~These regulations herein, this section or~~ This section shall be known as the sign code and establishes standards for the location, size, spacing and design of signs. These standards are content-neutral and regulate only the form, not the content, of signs. Each regulation serves a significant governmental interest by furthering the purposes of this sign code. The City finds and determines that the following situations existed in the City and in the county prior to the adoption of this sign code on February 6, 1992, and that these conditions would occur without the regulations established in this revised sign code:

1. Inadequate sign regulation in the City;
2. Lack of attention to the relationship between proper sign regulation and the economic and other effects on the community;
3. Visual distraction and potential safety hazards posed to movement of pedestrian and vehicular traffic on public rights-of-way; and

4. Failure to consider signs as an integral component of the urban landscape.

In order to address these issues, the City finds and determines that the most effective, efficient and equitable approach is the implementation of a system of sign regulation which shall serve as a minimum norm or standard.

The purpose of this sign code is to establish minimum standards for an orderly system of signs and improve the quality of sign regulation in the City in a manner that contributes to the economic well-being, visual appearance, safety, and overall quality of life in the City. In particular, it is the purpose of this sign code to further the following objectives, taking into consideration that the mix of densities and intensities of different uses in each zoning district, the aesthetics of each zoning district, and the speed limits of abutting traffic may require different regulations to ensure that these purposes are met in each zoning district:

To establish a comprehensive system of sign regulation that addresses the full spectrum of principal sign considerations on a uniform basis;

To establish a system of sign regulation that gives special recognition to protecting the aesthetic and scenic beauty of the City and the natural characteristics and visual attractiveness that are essential to the economy and cultural development of the City;

To establish address the minimum standards necessary to reduce the visual distraction and safety hazards created by sign proliferation along the public rights-of-way; and

To recognize the significance of signs and appropriate uniform regulation thereof as a component of community appearance and character in the City.

SECTION 3. Section 16.40.120.15.1.2. of the City Code is hereby amended to read as follows:

Separation. Digital or electronic off-premise signs shall be spaced so that a driver cannot read more than one digital or electronic off-premise sign face at the same time, regardless of ownership. Digital or electronic off-premise signs shall be oriented to face traffic on the interstate or feeder right of way. A digital or electronic off-premise sign shall be at least 2,500 feet from any other digital or electronic off-premise sign facing the same direction on the same roadway, regardless of ownership. Such distance shall be measured along the centerline of the abutting roadway.

SECTION 4. Words that are ~~struck through~~ shall be deleted from the existing City Code and words that are underlined shall be added to the existing City Code. Provisions not specifically amended shall continue in full force and effect.

SECTION 5. The provisions of this ordinance shall be deemed to be severable. If any section, paragraph, subdivision, clause, sentence, or provision of this Ordinance

shall be adjudged by any Court of competent jurisdiction to be unconstitutional or otherwise invalid, such judgment shall not affect, impair, invalidate, or nullify the remainder of this Ordinance. The effect thereof shall be confined to the section, paragraph, subdivision, clause sentence, or provision immediately involved in the controversy in which such judgment or decree shall be rendered.

SECTION 6. In the event this ordinance is not vetoed by the Mayor in accordance with the City Charter, it shall become effective upon the expiration of the fifth (5<sup>th</sup>) business day after adoption unless the Mayor notifies the City Council through written notice filed with the City Clerk that the Mayor will not veto the ordinance, in which case the ordinance shall become effective immediately upon filing of such written notice with the City Clerk. In the event this ordinance is vetoed by the Mayor in accordance with the City Charter, it shall not become effective unless and until the City Council overrides the veto in accordance with the City Charter, in which case it shall become effective immediately upon a successful vote to override the veto.

**APPLICATION:** LDR 2014-04

**APPLICANT:** City of St. Petersburg

**REQUEST:** Text amendment to amend language related to the "dwell time" that provides justification for having different dwell time standards for different sign types. (*City Code of Ordinances, Chapter 16, Land Development Regulations ("LDRs"), Section 16.40.120.15.4 titled "Supplementary sign regulations"*) The application is in response to a court ruling against the City's current dwell time standards for electronic message centers and large facility signs.

The applicant requests that the Development Review Commission ("DRC") review and recommend approval, confirming consistency with the City of St. Petersburg's Comprehensive Plan ("Comprehensive Plan").

**AUTHORITY:** Pursuant to Section 16.80.020.1 of the City Code of Ordinances, the DRC, acting as the Land Development Regulation Commission ("LDRC"), is responsible for reviewing and making a recommendation to the City Council on all proposed amendments to the LDRs.

**EVALUATION:**

**Recommendation**

The Planning & Economic Development Department finds that the proposed request is consistent with the Comprehensive Plan and recommends **APPROVAL**.

**Background and Analysis**

On May 12, 2014, the Sixth Judicial County Court ruled, in an ordinance prosecution against Founder Properties LLC, and David McKalip that, among other things, found the

---

current message dwell time standards, defined as the interval of change between each message, in the Supplementary Sign Regulations to be in violation of equal protection requirements of the US Constitution. The reason for the adverse finding was that the court found that the City failed to articulate what its significant governmental interests were in establishing dwell time standards for large facility signs (at least 10 seconds) that are different than those for electronic message centers (at least 1 minute).

The options to cure the fault found by the County Court are to either 1) create a single standard for message dwell times for all types of signs that have electronic message centers, 2) eliminate message dwell time standards or 3) amend the code to add defensible language that provides the justification for creating different standards.

Staff is recommending that the third option be implemented because different signage types have different cumulative impacts that justify different dwell time standards. Dwell time standards for electronic message centers are created for two primary reasons, as generally referenced in the "Purpose and findings" Section of the Sign Code (Section 16.40.120.1), 1) to minimize visual clutter along public roads and 2) to minimize driver distraction safety concerns that are associated with sign proliferation, including changing electronic messages.

The current code has a shorter dwell time standard (10 seconds) for large facility signs and digital or electronic off-premise signs because their proliferation is limited by the following restrictions; 1) sites must be contiguous to the interstate highway right-of-way, 2) signs must be oriented to the interstate highway system (federal aid primary roadways) and for large facility signs, 3) uses where these signs can be installed are limited to arenas, theaters and other places of public assembly on at least 20 acres that have 20,000 or more fixed seats and for digital or electronic off-premise signs, 4) they must be at least 2,500 feet apart for same way facing signs. In combination, these four limitations severely limit the number of locations where large facility signs and digital or electronic off-premise signs can be located, thereby minimizing their potential proliferation and negative impact. Moreover, the orientation of these signs toward interstate rights-of-way reduces the opportunity for the signs to be viewed by drivers because of the limited number of interstates in St. Petersburg (I-275, I-175 and I-375) and the higher speed limit on the interstates (55 to 65 mph). Evidence of the effectiveness of these limitations is demonstrated by the fact that there is only one permitted large facility sign in St. Petersburg (Tropicana Field) and six permitted digital or electronic off-premise signs.

In contrast, electronic message centers (EMCs) have longer dwell times (1 minute) because the opportunity for proliferation and the resulting visual clutter and driver distraction is much greater. EMCs are allowed on the sites of many more land use types (retail stores, restaurants, gas stations, car washes, offices, banks, hotels) and on several more roads (all road frontages with commercial zoning, including portions of 4<sup>th</sup>, MLK, 16<sup>th</sup>, 22<sup>nd</sup>, 28<sup>th</sup>, 34<sup>th</sup>, 49<sup>th</sup>, 58<sup>th</sup>, 66<sup>th</sup> and Park Streets and the downtown area streets and portions of 1<sup>st</sup>, 5<sup>th</sup>, 9<sup>th</sup>, 22<sup>nd</sup>, 38<sup>th</sup>, 54<sup>th</sup>, 62<sup>nd</sup>, 83<sup>rd</sup>, 94<sup>th</sup> and 112<sup>th</sup> Avenues North and portions of 1<sup>st</sup>, 5<sup>th</sup>, 18<sup>th</sup>, 22<sup>nd</sup>, 54<sup>th</sup> and 62<sup>nd</sup> Avenues South, and the downtown area avenues and Gandy and Roosevelt Boulevards and several streets in the Carillon area) and roads with slower speed limits (generally 15 to 45 mph). Evidence of the greater opportunity for proliferation of EMCs is demonstrated by the number of permits issued for their installation – XXX.

The following objectives and policies from the Comprehensive Plan are applicable to the proposed amendment:

**Objective LU20:** The City shall, on an ongoing basis, review and consider for adoption, amendments to existing and/or new innovative land development regulations that can provide additional incentives for the achievement of Comprehensive Plan Objectives.

**Policy LU20.1:** The City shall continue to utilize its innovative development regulations and staff shall continue to examine new innovative techniques by working with the private sector, neighborhood groups, special interest groups and by monitoring regulatory innovations to identify potential solutions to development issues that provide incentives for the achievement of the goals, objectives and policies of the Comprehensive Plan.

#### **Housing Affordability Impact Statement**

The proposed amendments will have no impact on housing affordability, availability or accessibility. A Housing Affordability Impact Statement is attached.

#### **Adoption Schedule**

The proposed amendment requires one (1) public hearing, conducted by the City of St. Petersburg City Council. The City Council shall consider the recommendation of the DRC and vote to approve, approve with modification or deny the proposed amendment:

- July 10, 2014: First Reading
- July 24, 2014: Second Reading and Public Hearing

Housing Affordability Impact Statement**

Each year, the City of St. Petersburg receives approximately \$2 million in State Housing Initiative Partnership (SHIP) funds for its affordable housing programs. To receive these funds, the City is required to maintain an ongoing process for review of local policies, ordinances, resolutions, and plan provisions that *increase the cost of housing construction, or of housing redevelopment*, and to establish a tracking system to estimate the cumulative cost per housing unit from these actions for the period July 1– June 30 annually. This form should be attached to all policies, ordinances, resolutions, and plan provisions which increase housing costs, and a copy of the completed form should be provided to the City's Housing and Community Development Department.

**RE: *Charter Amendment***

**ACTION DESIRED:**

Respectfully request the Legal Department to draft a proposed Charter amendment that does the following:

- 1) Clarifies that the Mayor has the power to hire and fire City employees.
- 2) Allows City Council Members to add their opinions concerning potential hires of senior management level employees.
- 3) Removes the penalties in the current charter for acting on #2.

**RATIONALE:**

The significant number of senior level employee retirements at the City have served to highlight the obsolete speech restrictions placed upon Council Members from the time of the Council Manager form of government. The hiring of senior level managers has a huge impact on the direction of our city government. Council Members should be allowed to voice their perspective without fear of being removed from office. In addition, it is in the City's interest to get a broad range of opinions when doing the most important hires.

The meeting was called to order by Chair Foster. City Councilmembers in attendance were Amy Foster, Charlie Gerdes, Bill Dudley, Karl Nurse, and Steve Kornell.

B. Approval of minutes for Youth Services Committee – May 29, 2014  
The minutes for the meeting of May 29, 2014 were approved as submitted.

C. Agenda Items

1. Boys and Girls Club of the Suncoast – Nita Smith, President and CEO; Leroy Sullivan Jr., Executive Board Officer.

Nita Smith gave an overview of the Boys and Girls Club of the Suncoast (BGCS) and discussed their mission - to enable young people to realize their full potential in core areas namely, character development, academic success, leadership, and citizenship. With funding received from the Department of Juvenile Justice and the Department of Education, BGCS has the capability to serve more children and is seeking opportunities to impact youth in St. Petersburg, particularly in economically challenged communities. Their challenge, however, is a locale, particularly a gymnasium, to implement their programs. Councilmembers suggested agencies such as the Police Athletic League, Salvation Army, and Job Corps.

2. Juvenile Welfare Board (JWB) Compliance & Quality Review Report – Director Mike Jefferis, Parks and Recreation Department.

Mike Jefferis recognized his department's partnership with the JWB and provided a summary of the TASCOS Out of School Time Program (OST). This youth program, employed in licensed recreation centers and reviewed annually by the JWB, received an "in full compliance" rating. This is certainly noteworthy since JWB could not recall any other agency that has been rated as such. Mike praised Council for its financial commitment to the program and also pointed out that St. Petersburg is the only municipality in Pinellas County that makes a financial contribution to the OST Program, unlike other municipalities which require total subsidization by the JWB.

D. Next Meeting Date – Thursday, July 24, 2014

**Subject:** Awarding a contract to Eveland Brothers, Inc. in the amount of \$1,450,483 for additions and renovations at Lake Vista Recreation Center (Engineering Project No. 13211-017; Oracle No. 13753).

**Explanation:** The Procurement Department received five bids for additions and renovations at Lake Vista Recreation Center (see below). The work consists of furnishing all labor, materials, equipment and services necessary to construct a 3,986 SF addition to an existing 17,342 SF recreation center building. The work includes limited existing building remodeling of selective areas such as new ceilings, energy efficient lighting replacement and construction of a supervisor office in the teen program room, restroom remodeling, selective demolition and remodeling of the existing center entrance and lobby area, and the installation of a fully automatic fire sprinkler system throughout the facility, new windows, fire alarm upgrades and electrical service upgrade. The exterior of the existing center will be painted in its entirety and the existing center roof will be replaced.

The areas of new construction include a new single story addition to include a multi-purpose community room, a kitchen capable of preparing food on-site, a storage room serving the center and a storage room serving the new community room. The new construction also includes site paving and landscape enhancements to minimize the paved surface area at the entrance to the center and to direct the rain water from the roof to a new bio-swale for stormwater treatment. A raised concrete deck overlooking the lake will be connected to the community room. The work includes new structural assemblies, exterior stucco finish on masonry block walls, new pre-finished aluminum storefront system and glazing assemblies, exterior and interior finishes, mechanical, electrical (including new electrical service) and fire protection.

The Lake Vista Recreation Center was originally constructed in 1967. The facility is in need of building envelope, electrical and safety improvements including fire sprinkler system, complete re-roof, exterior painting, code upgrades to the fire alarm, window replacement with impact rated windows, ceiling tile replacement and energy efficient lighting upgrades. The new multi-purpose addition will provide enhanced services and amenities that are presently not available at the center.

Meeting of July 10, 2014**

**To: The Honorable William H. Dudley, Chair, and Members of City Council**

**Subject:** Awarding a two-year blanket purchase agreement for Motorola public and non-public safety mobile and portable radios from Motorola Solutions for the ICS Department at a cost not to exceed \$655,000.

**Explanation:** This purchase is being made from Florida State Contract No. 725-500-12-1. The vendor will furnish public and non-public safety mobile and portable radios which will be used with the City/County 800 MHz P25 Motorola trunking radio communication system. Pinellas County is converting its analog trunking radio system to an APCO Project 25 (P25) interoperable digital system, in order to comply with Homeland Security requirements. The County has requested that all City radios be compliant with this system by the end of 2014. The County will complete upgrades to the City's police and fire radios over the next six months at no cost to the City. Non-public safety radios used by Water Resources, Parks & Recreation, Fleet Management, Billing & Collections and Sanitation and others must also be upgraded or replaced in order to operate on the P25 digital system. It is estimated that of the 977 radios used by these non-public safety departments, 304 compatible radios remain to be purchased. The old radios, which are more than eight years old, will be sold at public auction. The mobile radios will be used for replacement and augmentation of existing radios installed in public safety and non-public safety vehicles. The portable radios are used by public safety and non-public safety personnel. Radios used by the Fire Department are comprised of a more durable material due to exposure to fire and smoke. The police radios are modified with secure channels.

The Procurement Department in cooperation with the Information and Communication Services Department, recommends award:

**Meeting of July 10, 2014**

**To: The Honorable William H. Dudley, Chair, and Members of City Council**

**Subject:** Renewing a blanket purchase agreement with the School Board of Pinellas County, a sole source supplier, to provide school buses and drivers for the Parks and Recreation Department at an estimated annual cost of \$600,000.

**Explanation:** On May 2, 2013 City Council approved a one year agreement with the School Board of Pinellas County. Under the renewal of contract clause, the City reserves the right to extend the contract for three one-year periods if mutually agreeable. This is the first renewal.

The vendor provides school buses and drivers for City-sponsored field trips and for before and after school programs. Because the School Board's fleet is the only known local fleet of this size, and due to the costs and logistics associated with utilizing a non-local fleet, a sole source procurement is recommended. The city will be charged \$26.50 per hour plus a mileage surcharge of \$1.25 per mile for field trips, \$13,901.00 for each before and after school bus run and \$66,000.00 for each before and after school bus route. These charges are the actual costs to the School Board. There is no cost impact to the city for the transportation, as these expenses are included in participants' registration fees for field trips and before and after school programs .

Approximately 1,000 School buses will be used for 600 field trips scheduled by 14 Parks and Recreation Playcamp sites along with 6 bus routes and 2 bus runs which will occur daily during the school year to transport children to and from before and after school programs.

The Purchasing Department in cooperation with the Parks and Recreation Department, recommends renewal:

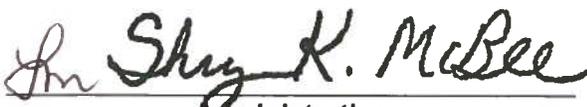

The School Board of Pinellas County, Florida..... \$600,000

This purchase is made in accordance with Section 2-249 of the Sole Source Procurement of the Procurement Code which authorizes City Council to approve the purchase of a supply or service over \$100,000 without competitive bidding, if it has been determined that the supply or service is available from only one source. The School Board of Pinellas County currently provides these services and has performed satisfactorily. The renewal will be effective from date of approval through August 17, 2015 and will be binding only for actual services received.

**Cost/Funding/Assessment Information:** Funds have been appropriated in the General Fund (0001), Recreation Department (190), and Various Divisions to include all 14 Parks and Recreation Playcamp sites.

**Subject:** Awarding a contract to Layne Inliner, LLC in the amount of \$1,891,155 for 34<sup>th</sup> Street South Sanitary Sewer Improvements FY13 (Engineering Project No. 13055-111; Oracle No. 13818).

**Explanation:** The Procurement Department received five responsive bids for 34<sup>th</sup> Street South Sanitary Sewer Improvements FY13 (see below). The work consists of furnishing all labor, materials and equipment necessary to rehabilitate approximately 5,300 LF of existing 48-inch diameter reinforced concrete sanitary sewer pipe utilizing the trenchless Cured-In-Place Pipe (CIPP) lining method. Work includes traffic control, pump around pumping for diversion of sanitary sewer flows, pipe and manhole cleaning, closed circuit television video inspection, furnish and construct cured in place fiberglass pipe liner, rehabilitation of 8 manholes with polymer coatings, and restoration of right-of-way.

The 48-inch diameter gravity sanitary sewer has been in service for approximately 50 years and is in deteriorated condition. The CIPP lining process provides a cost effective method of restoring the structural capacity and flow characteristics of deteriorated concrete gravity sanitary sewer pipe under roadways, using a fiberglass liner, without the need for dewatering, sheeting and shoring, excavating and roadway replacement. The deteriorated pipe to be rehabilitated is located on the west side of 34<sup>th</sup> Street South, from 38<sup>th</sup> Avenue to 54<sup>th</sup> Avenue South. Lane closures will be required along southbound 34<sup>th</sup> Street during the work to allow access to manholes. Southbound traffic and access to properties and businesses will be maintained at all times during the work.

The contractor will begin work approximately ten calendar days from written Notice to Proceed and is scheduled to complete the work within 240 consecutive calendar days thereafter. The Bids were opened on June 5, 2014 and are tabulated as follows:

**Meeting of July 10, 2014**

**To: The Honorable William H. Dudley, Chair, and Members of City Council**

**Subject:** Approving an increase to the allocation for transportation services to Escot Bus Lines, LLC, The Looper Group, Inc., and Limosouth, Inc. dba Carey Limousine of Tampa Bay in the amount of \$160,000 for purchased transportation services for the baseball shuttle and other City co-sponsored events. These additional funds will increase the total contract amount to \$285,000.

**Explanation:** Administration awarded blanket purchase agreements with renewals to Escot Bus Lines, LLC, The Looper Group, Inc., and Limosouth, Inc. dba Carey Limousine of Tampa Bay for transportation services, at an estimated annual amount of \$95,000. City Council approval was not requested as the annual amount did not meet the required threshold. On December 5, 2013, City Council approved an increase to the allocation for transportation services in the amount of \$30,000. The agreements expire April 30, 2015.

Planned requirements through the balance of the contract term will cause the contract amount to exceed the total estimated contract amount; therefore, Council's approval is requested. Amounts paid to the three vendors pursuant to the increase will not exceed a combined total of \$160,000 through the term of the agreements. The transportation services are required for events such as co-sponsored special events, St. Pete Grand Prix, and Rays games. Shuttle passengers do not pay a fee to ride, which encourages remote parking in designated city garages and lots for events. Additionally, citizens and visitors receive a higher level of service when attending events. Free shuttles also assist in reducing unintended negative consequences on surrounding neighborhoods and business districts because more drivers will park in remote off-street locations if a convenient and free shuttle is provided. Shuttle stops are located adjacent to city-owned parking facilities and parking revenues received during these events exceeds the expense of providing shuttles. This cost does not impact the General Fund.

The Procurement Department, in cooperation with the Transportation and Parking Management Department, recommends:

**Meeting of July 10, 2014**

**To: The Honorable William H. Dudley, Chair, and Members of City Council**

**Subject:** Renewing a blanket purchase agreement with Boley Centers, Inc. for After School Youth Employment Program management services for the Community Services Department at an estimated annual cost of \$100,000.

**Explanation:** On June 6, 2013 City Council approved a one-year agreement with Boley Centers, Inc., with four one-year renewal options, if mutually agreeable. This is the first renewal.

The contractor provides management services for the After School Youth Employment Program (ASYEP). ASYEP places youth, ages 14 to 18 that live in households with low and very low income within the city. The program operates during the school year and provides minimum wage employment for 40 youths, including orientation, training, appraisal, and a need assessment for other potential services. The youth will also be provided clothing and bus passes.

The youth must meet specific household income guidelines and are required to remain in school. The contractor will also provide diverse opportunities to develop real vocational skills and allows the participants to earn income while employed in private businesses and the public sector after school. The majority of these internships lead to year-round permanent employment and will positively impact the youth and the overall success of the ASYEP.

The Procurement Department in cooperation with the Community Services Department, recommends renewal:

Boley Centers, Inc.....\$100,000

The contractor has agreed to hold prices firm under the terms and conditions of RFP No. 7462 dated March 19, 2013. Administration recommends renewal of the agreement based upon the contractor's past satisfactory performance, demonstrated ability to comply with the terms and conditions of the contract, and no decrease in number of participants served. A blanket purchase agreement was issued to the contractor and is binding only for actual services rendered. This renewal will be effective from date of approval through June 30, 2015.

**Cost/Funding/Assessment Information:** Funds have been appropriated in the General Fund (0001), Community Services Department (083), Community Services Administration (1081).

**ST. PETERSBURG CITY COUNCIL**  
Meeting of July 10, 2014

**TO** The Honorable Bill Dudley, Chair, and Members of City Council

**SUBJECT** A Resolution by City Council accepting certain redevelopment powers delegated by the Pinellas County Board of County Commissioners for the Southside St. Petersburg Community Redevelopment Area and declaring City Council the community redevelopment agency.

**RECOMMENDATION** Administration recommends City Council approve the attached Resolution.

---

**INTRODUCTION**

On June 20, 2013, City Council approved Resolution 2013-247 that declared the Southside St. Petersburg Community Redevelopment Area (Southside CRA) to be a blighted area as defined by the Community Redevelopment Act of 1969 (Chapter 163, Part III, FS, as amended) and requested the Pinellas County Board of County Commissioners (BCC) delegate the City redevelopment authority and powers conferred upon Pinellas County by said Act.

At its June 3, 2014, public meeting, the Pinellas County BCC approved Resolution 14-43, which delegated certain redevelopment powers and authority, pursuant to the Community Redevelopment Act to the St. Petersburg City Council (see Exhibit 2 of the attached resolution). These redevelopment powers are:

- a. The power, pursuant to Section 163.355, FS, to make findings that one or more slum or blighted areas, or one or more areas in which there is a shortage of housing affordable to residents of low or moderate income, including the elderly, exist in the City, and that the rehabilitation, conservation or redevelopment or a combination thereof, of such areas is necessary in the interest of the public health, safety, morals or welfare of the residents of the City; and
- b. The power to declare itself a community redevelopment agency pursuant to Section 163.356, FS, with the requirement that the powers and authority to conduct redevelopment activities will only be exercised by the elected officials constituting the City Council of the City of St. Petersburg; and
- c. The sole power granted to the City Council as the Community Redevelopment Agency is the power to prepare and grant final approval to

community redevelopment plans, and modifications thereof pursuant to Section 163.360 through 163.365, FS. The delegation of authority contained herein is subject to the Board of County Commissioners of Pinellas County retaining authority to review and approve the initial redevelopment plan and amendments thereto, prior to its implementation, and also prior to its presentation to the Pinellas Planning Council.

After completion and approval of the community redevelopment plan, the Pinellas County BCC would then delegate additional redevelopment authority to the City, which could include the authority to establish two redevelopment trust funds utilizing tax increment financing within the two subareas of the CRA as initially requested by the City of St. Petersburg on June 20, 2013, in Resolution No. 2013-247.

**RECOMMENDATION**

Administration recommends City Council approve the attached Resolution.

**NOW, THEREFORE BE IT RESOLVED** by the City Council of the City of St. Petersburg, Florida:

Pinellas County BCC Resolution Delegating Redevelopment Authority  
Southside St. Petersburg Community Redevelopment Area

RESOLUTION NO. 14-43

A RESOLUTION DELEGATING CERTAIN AUTHORITY AND POWERS CONFERRED UPON PINELLAS COUNTY BY THE COMMUNITY REDEVELOPMENT ACT OF 1969, CHAPTER 163, PART III, TO THE CITY OF ST. PETERSBURG CITY COUNCIL FOR REDEVELOPMENT IN THE SOUTHSIDE ST. PETERSBURG COMMUNITY REDEVELOPMENT AREA IN THE CITY OF ST. PETERSBURG, FLORIDA; AND PROVIDING FOR AN EFFECTIVE DATE

WHEREAS, the Pinellas County Department of Health and Community Services presented a study entitled *Economic Impact of Poverty Report* (Report) to the Pinellas County Board of County Commissioners (Board) in May 2012 that substantiated several indices illustrating the interrelated social, economic, and geographic challenges that compound the problems residents within at-risk communities have to overcome. Among the problems are inadequate transportation, limited access to health care, poorer health, lower education attainment, increased crime rates, high unemployment and inadequate housing; and

WHEREAS, as stated in the Report, though low-income individuals reside throughout Pinellas County, the effects of poverty and the associated social patterns and costs are greatly compounded in certain specific areas of the County, including one such area in south St. Petersburg; and

WHEREAS, these findings in the Report prompted the St. Petersburg City Council to pass a resolution (Resolution No. 2012-416) requesting feedback from the Board concerning the establishment of a community redevelopment area to “improve the quality of life for St. Petersburg residents living in at-risk communities with a high concentration of poverty”; and

WHEREAS, City and County leadership have since begun discussing potential tools to address the effects of poverty and its associated social patterns in south St. Petersburg, including the potential creation of a community redevelopment area; and

WHEREAS, in furtherance of these efforts, the City has undertaken additional study of a specific geographic area within the at-risk community in south St. Petersburg and produced a report entitled, *A Blight Study to Establish the Southside St. Petersburg Community Redevelopment Area*, to support the establishment of a community redevelopment area within that geographic area, referred to as “Southside St. Petersburg”; and

WHEREAS, the City and County mutually desire to improve the quality of life for those residents living in Southside St. Petersburg in an innovative and collaborative manner; and

WHEREAS, the City Council of the City of St. Petersburg, Florida, by its June 20, 2013 adoption of Resolution No. 2013-247, a copy of which has been submitted to the Clerk of this Board and made a part of the Public Record of Pinellas County, Florida, has adopted a map defining certain geographic boundaries in the City as a Community Redevelopment Area (the "Community Redevelopment Area") and has declared that area of the City to be a blighted area, as that term is defined in the Act referenced below; and

WHEREAS, the Legislature of Florida has enacted the Community Redevelopment Act of 1969, as amended, and codified as Part III, Chapter 163, Florida Statutes (the "Community Redevelopment Act"); and

WHEREAS, all powers arising through the Community Redevelopment Act were conferred by that Act upon counties that have adopted home rule charters, which counties in turn are authorized to delegate such powers to municipalities within their boundaries when such municipalities desire to undertake redevelopment within their respective municipal boundaries; and

WHEREAS, such authorization for counties with home rule charters to delegate such powers to municipalities is contained in Section 163-410, Florida Statutes (2013), which states:

*"Section 163.410. Exercise of Powers in Counties with Home Rule Charters. In any county which has adopted a home rule charter, the powers conferred by this part shall be exercised exclusively by the governing body of such county. However, the governing body of any such county which has adopted a home rule charter may, in its discretion, by resolution delegate the exercise of the powers conferred upon the county by this part within the boundaries of the municipality to the governing body of such a municipality. Such a delegation to a municipality shall confer only such powers upon a municipality as shall be specifically enumerated in the delegating resolution. Any power not specifically delegated shall be reserved exclusively to the governing body of the County..."*; and

WHEREAS, the City Council of the City of St. Petersburg, in Resolution No. 2013-247, requested that the Board delegate to the City Council all authority and powers conferred upon Pinellas County through the Community Redevelopment Act for the Southside St. Petersburg Community Redevelopment Area (CRA) and that the Board establish two tax increment financing districts and two redevelopment trust funds within the Southside St. Petersburg CRA; and

WHEREAS, the Board adopted Resolution No. 13-186 on October 8, 2013, which approved the *Blight Study to Establish the Southside St. Petersburg Community Redevelopment Area*, defined the boundaries of the Southside St. Petersburg CRA, and determined that conditions in the Southside St. Petersburg CRA meet two of the blight criteria described in Sec. 163.340(8) of the Florida Statutes; and

WHEREAS, in Resolution No. 13-186, the Board reserved delegation of any redevelopment powers to the City Council until the execution of an Interlocal Agreement between the City and County that would define the governance structure for the community redevelopment agency for the Southside St. Petersburg CRA and to address other subjects as determined appropriate; and

WHEREAS, the Board and the City Council took action on October 8, 2013 and on October 3, 2013, respectively, to extend the deadline for Board action on the City's request for delegation of redevelopment powers to January 31, 2014, which deadline was later extended by mutual consent to June 6, 2014; and

WHEREAS, County staff and City staff have collaborated in developing an Interlocal Agreement that establishes the framework for establishing and administering the proposed Community Redevelopment Agency for the Southside St. Petersburg CRA; and

WHEREAS, the City Council approved the Interlocal Agreement on May 15, 2014 in Resolution No. 2014-207, and the Board approved the Interlocal Agreement on May 20, 2014.

NOW, THEREFORE, IN REGULAR SESSION DULY ASSEMBLED ON THIS 3rd DAY OF JUNE, 2014, BE IT RESOLVED BY THE BOARD OF COUNTY COMMISSIONERS OF PINELLAS COUNTY, FLORIDA:

B. The power to declare itself a community redevelopment agency pursuant to Section 163.356, Florida Statutes. The City of St. Petersburg shall not delegate any powers to a community redevelopment agency. **TO:** The Honorable Bill Dudley, Chairman, and Members of City Council

**SUBJECT:** A Resolution authorizing the Mayor or his designee to execute a Memorandum of Understanding between the City of St. Petersburg and the Tampa Port Authority for the purpose of exploring the benefits of a strategic partnership to enhance economic development, marketing, and information sharing for new business opportunities; and to execute all documents necessary to effectuate this transaction; and establishing an effective date

**EXPLANATION:** The significant potential growth for international and domestic traffic in the coming decades encourages cooperation between Florida seaports to achieve efficient use of resources and the collaborative use of Florida seaports to market Florida and the region. Cooperative agreements facilitate information sharing and open dialogue which allows stakeholders to benefit from wide-ranging expertise and new ideas about situations as they are occurring. Although the Port of St. Petersburg has for many years benefited from an informal cooperative working relationship with Port Tampa Bay, in order to further solidify this positive relationship, both ports desire to enter into a more formalized Memorandum of Understanding.

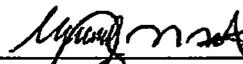

This MOU can serve to promote the City's goal and desire to more fully utilize the Port and increase its marine science/marine research focus. Collaborative efforts to market the Port of St. Petersburg and Port Tampa Bay for current and future opportunities will serve to facilitate our goal.

**RECOMMENDATION:** Administration recommends adoption of the attached Resolution authorizing the Mayor or his designee to execute a Memorandum of Understanding between the City of St. Petersburg and the Tampa Port Authority for the purpose of exploring the benefits of a strategic partnership to enhance economic development, marketing, and information sharing for new business opportunities; and to execute all documents necessary to effectuate this transaction; and establishing an effective date

PETERSBURG, FOR A PERIOD OF TWELVE (12) MONTHS AT RENTAL RATE OF \$300.00 PER MONTH; AND TO EXECUTE ALL DOCUMENTS NECESSARY TO EFFECTUATE SAME; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, Pinellas Studio of Dance, Inc. ("Licensee") desires to lease the second floor space (consisting of ±6,140 sq. ft.) of the St. Petersburg Shuffleboard Club building located at 559 Mirror Lake Drive North, St. Petersburg, which is classified as Parkland; and

WHEREAS, the proposed License Agreement will be for a term of twelve (12) months, with the right to renew for up to two (2) additional 1-year terms, at a rental rate of \$300.00 per month, plus applicable taxes during the term; and

WHEREAS, the License may be terminated without cause by either party by providing written notice no less than sixty (60) days prior to the scheduled date of termination; and

WHEREAS, the Licensee is responsible for daily cleaning and removal of all trash and debris, in addition to providing and paying for all costs (including installation, deposits, and usage) for utilities, telephone services, internet, and cable television in association with its use of the Premises; and

WHEREAS, the Licensee will maintain a commercial general liability insurance policy in the amount of \$1,000,000 per occurrence and \$2,000,000 in the aggregate, protecting the City against all claims or demands that may arise or be claimed on account of the Licensee's use of the Premises; and

WHEREAS, Section 1.02 (c)(2) of the City Charter, Park and Waterfront Property, permits City Council approval of leases for Park and Waterfront property for five (5) years or less on commercially-zoned property with approval by an affirmative vote of at least six (6) members of City Council; and

WHEREAS, the subject property is zoned (DC-2) Downtown Center-2.

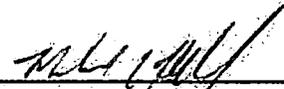

NOW THEREFORE, BE IT RESOLVED BY the City Council of the City of St. Petersburg, Florida, that the Mayor, or his Designee, is authorized to execute a License Agreement with Pinellas Studio of Dance, Inc., a Florida Profit corporation, for use of ±6,140 sq. ft. within the St. Petersburg Shuffleboard Club building located at 559 Mirror Lake Drive North, St. Petersburg, for a period of twelve (12) months at rental rate of \$300.00 per month; and to execute all documents necessary to effectuate same.

**ST. PETERSBURG CITY COUNCIL**

**Consent Agenda**

**Meeting of July 10, 2014**

**TO:** The Honorable Bill Dudley, Chair and Members of City Council

**SUBJECT:** A resolution authorizing the Mayor, or his Designee, to sell the surplus, unimproved City-owned parcel located at approximately 6801 Onyx Drive North, St. Petersburg, to Ryan Coley for \$35,000, and to execute all documents necessary to effectuate same; and providing an effective date.

**EXPLANATION:** Real Estate and Property Management Department received an offer from Ryan Coley ("Buyer") to purchase the surplus, unimproved City-owned parcel located at approximately 6801 Onyx Drive North, St. Petersburg ("Property"). The Buyer is a United States Marine Operation Iraqi Freedom Veteran and intends to immediately construct a new owner occupied single-family residence on the Property.

The Property was acquired by the Housing & Community Development Department via certificate of title at a foreclosure sale in November 2010. The Property is unimproved with lot dimensions of 100 ft. x 100 ft. and is zoned NT-1 (Neighborhood/Traditional). The Property was declared surplus real estate after appropriate City Departments were queried.

The Property is legally described as follows:

Lot 1, Block 33, MEADOW LAWN 2<sup>ND</sup> ADDITION  
Parcel I.D No.: 25/30/16/56646/033/0010  
Approximate Street Address: 6801 Onyx Drive North

On December 16, 2013, the Property was appraised by Edwin R. Hotz, State Certified Residential Appraiser, who indicated the estimated market value to be \$40,000. The contract price is \$35,000, with the Buyer paying all closing costs. The City received two (2) previous offers to purchase the Property; however, each offer was substantially below the appraised value. Although the contract price is below the estimated market value, Housing and Community Development and Real Estate and Property Management departments support the sale of the Property due to the length of time the City has had the Property available for sale and that it is being sold to a United States Marine Veteran who intends to immediately construct a new owner occupied single-family residence on the Property. According to Billing and Collections Special Assessment and Utility Liens records, there are no City liens against the Buyer.

**RECOMMENDATION:** Administration recommends that City Council adopt the attached resolution authorizing the Mayor, or his Designee, to sell the surplus, unimproved City-owned parcel located at approximately 6801 Onyx Drive North, St. Petersburg, to Ryan Coley for \$35,000; and to execute all documents necessary to effectuate same; and providing an effective date.

# ST. PETERSBURG CITY COUNCIL

## Consent Agenda

Meeting of July 10, 2014

TO: City Council Chair & Members of City Council

**SUBJECT:**

A resolution authorizing the Mayor or his designee to execute an agreement between the City of St. Petersburg, Florida and the School Board of Pinellas County, Florida, to provide school buses and drivers for City-sponsored field trips and Before and After School Programs from August 24, 2014 through August 31, 2015, and all other documents necessary to effectuate this transaction; and providing an effective date.

**EXPLANATION:**

This agreement reflects the renewal of an agreement that has successfully been in effect for the past 25 years. This agreement allows the Parks and Recreation Department to schedule and use school buses and drivers for field trips during their recreation programs.

Such an agreement facilitates scheduling a great number of field trips due to the great number of available buses. It also allows for extremely reasonable rates and transportation for Before and After School Programs as the transportation cost charged to City participants is based on the actual cost to the School Board.

Last year there were a total of approximately 1,000 school buses used for 600 different field trips scheduled by 14 Parks and Recreation Department Playcamp sites and over 45 buses used daily during the school year transporting children to and from Before and After School Programs. It is felt that these field trips enhanced the summer recreation program and provided some exciting experiences for the children and teens who participated. School buses are the primary means of transportation for children from our Before School Programs to schools and from schools to our After School Programs.

**COST/FUNDING/ASSESSMENT INFORMATION:**

The current agreed upon charge for providing field trip transportation is: \$26.50/hour (bus driver's salary) plus a mileage surcharge of \$1.25/mile. The rate per hour and the mileage surcharge is subject to change based on the County's costs. The City will know the rate per hour and the amount of the mileage surcharge prior to ordering services. This transportation cost is passed on to the field trip participants however, and as such, there is no actual direct cost to the City.

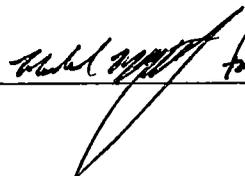

**RECOMMENDATION:**

Administration recommends that City Council adopt the attached resolution authorizing the Mayor or his designee to execute an agreement between the City of St. Petersburg, Florida and the School Board of Pinellas County, Florida, to provide school buses and drivers for City-sponsored field trips and Before and After School Programs from August 24, 2014 through August 31, 2015, and all other documents necessary to effectuate this transaction; and providing an effective date.

# ST. PETERSBURG CITY COUNCIL

## Consent Agenda

Meeting of July 10, 2014

**TO:** The Honorable William Dudley, Chair and Members of City Council

**SUBJECT:** A resolution authorizing the Mayor or his designee to execute a Cooperative Agreement ("Agreement") between the City of St. Petersburg ("City") and Pinellas County ("County") to develop a Comprehensive Watershed Management Plan for Joe's Creek and Miles Creek, and authorizing cooperative funding from the City not to exceed \$125,000. (Engineering Project No. 14042-120; Oracle No. 14406)

**EXPLANATION:** A Cooperative Agreement between the City of St. Petersburg and the County is proposed to provide for a cooperative study and development of a Watershed Management Plan (WMP) for the Joe's Creek and Miles Creek watershed, pursuant to EPA water quality regulations. Miles Creek is within St. Petersburg, and drains into Joe's Creek, which is within Pinellas County. These creeks serve a large drainage basin shown on the attached map, with approximately 50% of the watershed within the City. The watershed is designated as Water Body Identification (WBID) 1668A.

In March, 2008, the United States Environmental Protection Agency (USEPA) developed a Total Maximum Daily Load (TMDL) for Joe's/Miles Creeks WBID 1668A requiring a reduction of 49% of total nitrogen and 49% of total phosphorous. Both the City and the County agreed to make this TMDL a priority for implementation, pursuant to the National Pollutant Discharge Elimination System (NPDES) permits held by the City and County regulating storm water discharges. The WMP will identify Best Management Practices (BMPs) or projects that could be implemented to improve water quality, habitat, and reduce flooding.

Pinellas County applied for, and received, a 50% cooperative funding grant from the Southwest Water Management District (SWFWMD) for the development of the WMP. The County has selected a consultant, URS Corporation Southern, and has engaged the consultant on April 29, 2014 in the amount of \$95,190 for the first phase of services, including data collection and review of existing hydraulic models within the WBID. The overall cost of the WMP is not to exceed \$500,000, with \$250,000 in funding from SWFWMD, and \$125,000 each from the County and City. The City's funding is available from the Stormwater Operating Fund (4011) in Fiscal Year 2014 in the amount of \$25,000. Reimbursements will also be required in FY15 and FY16 to provide the City's cooperative funding totaling \$125,000 over a three year period.

The scope of work for the project includes data collection, performing a comprehensive watershed evaluation, modeling of the hydrology, reviewing of existing water quality

data, development of a watershed management plan and analyzing various BMPs and projects to improve the water quality and habitat, and reduce flooding in the watershed.

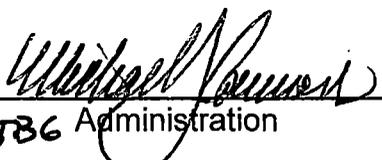

The County will administer the project and will be reimbursed by the City for 25% of all eligible watershed study expenses, not to exceed \$125,000. This cooperative project will benefit the City by maintaining compliance with NPDES and TMDL requirements together with County and SWFWMD stakeholders assistance, and will increase the understanding of the watershed for Joe's/Miles Creeks with the goal of improving the water quality of the creeks. The study is to be completed prior to June 1, 2016, and the agreement expires on this date.

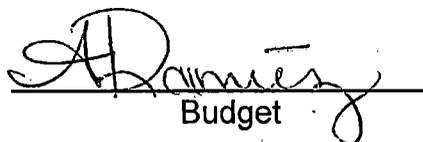

**RECOMMENDATION:** Administration recommends adoption of the attached resolution authorizing the Mayor or his designee to execute a Cooperative Agreement ("Agreement") between the City of St. Petersburg ("City") and Pinellas County ("County") to develop a Comprehensive Watershed Management Plan for Joe's Creek and Miles Creek within the City limits, at a total not to exceed cost of \$125,000. (Engineering Project No. 14042-120; Oracle No. 14406)

**COST/FUNDING/ASSESSMENT INFORMATION:** Funds are currently available in the Stormwater Utility Operating Fund (4011), TMDL Projects FY14 Project (14406) in the amount of \$25,000. The remainder of the funds are to be included in the FY15 and FY16 Stormwater Utility Operating Funds.

## Consent Agenda

Meeting of July 10, 2014

TO: The Honorable William ("Bill") Dudley, Chair, and Members of City Council

**SUBJECT:**

A resolution authorizing the release of the lien of the City's HOME Acquisition and Development Program Mortgage to Secure a Loan, and the Declaration of Restrictions, on Lot 3, Boley's Broadwater Place a/k/a 3611 37th Street South ("Property"), recorded at O.R. Book 17800, Page(s) 607-621, and O.R. Book 17800, Page(s) 602-606, respectively, in the Public Records of Pinellas County, Florida as to the southern portion of the property in conjunction with the funding of the Broadwater IV development which includes a \$110,000 subordinate, forgiven loan from the City to Pinellas Affordable Living, Inc. ("PAL, Inc.") authorized by City Council Resolution No. 2013-421; authorizing the Mayor or his Designee to execute all documents necessary to effectuate this transaction; and providing an effective date.

**EXPLANATION:**

On March 4, 2011, Pinellas Affordable Living, Inc. ("PAL, Inc."), a subsidiary corporation of Boley Centers, Inc., and a certified Community Development Housing Organization ("CHDO") applied for \$500,000 of City HOME CHDO funds as part of the 2011-2012 Consolidated Plan Application cycle for the purpose of construction of 18 units of affordable housing to be located at 3611 37<sup>th</sup> Street South, later replatted as Lot 3 Boley's Broadwater Place and recorded at Plat Book 139, Page(s) 27-28, Public Records of Pinellas County, Florida ("Property"). The funding was requested and provided as a zero percent interest loan, forgiven at the end of 20 years, and the application anticipated that the loan would be subordinate to additional funding that PAL, Inc. had applied for through the U. S. Department of Housing and Urban Development ("HUD") and the Federal Home Loan Bank of Atlanta ("FHLB"). PAL, Inc.'s request for City funding was approved as part of the Consolidated Plan by Resolution 2011- 293 on July 21, 2011. However, when the HUD and FHLB funding could not be secured as anticipated, it was determined that the construction of 8 of the 18 units on the northern portion of the Property ("Broadwater III") would be allowed to proceed funded by the City HOME funds secured by a City HOME Acquisition and Development Program Mortgage to Secure a Loan first mortgage ("City's HOME Mortgage"). A Declaration of Restrictions was also recorded on the Property that limits the use of the Property to affordable housing. PAL, Inc. has completed construction of Broadwater III on the northern portion of the Property and all 8 units are fully occupied.

PAL, Inc. continued to search for funding to construct the remaining 10 units to be constructed on the southern portion of the Property ("Broadwater IV") and in 2013 PAL, Inc. requested and received approval by City Council Resolution No. 2013-421 of a \$110,000 forgiven loan from the City ("City Loan") to show City support and leverage for an application to the Florida Housing Finance Corporation ("FHFC") for financing of the remaining units. PAL, Inc. recently received notification

Broadwater, Phase IV  
July 10, 2014  
Page 2

that it has been awarded \$1,002,095 of financing from the FHFC for the construction of Broadwater IV. FHFC has requested that the City release the lien of the City's HOME Mortgage and the Declaration of Restrictions recorded on Property as to the southern portion of the Property in order to permit the FHFC funding to be in a first lien position on Broadwater IV. The City Loan will be in a subordinate lien position on Broadwater IV and a new Declaration of Restrictions for Broadwater IV will be executed and recorded.

The Administration has determined that since City's HOME Mortgage will remain a first lien, and the Declaration of Restrictions will remain in effect on the northern portion of the Property, the City's mortgage interests and control over the use of Broadwater III will be adequately protected.

**RECOMMENDATION:**

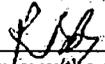

The Administration recommends approving the attached resolution authorizing the release of the lien of the City's HOME Acquisition and Development Program Mortgage to Secure a Loan, and the Declaration of Restrictions, on Lot 3, Boley's Broadwater Place a/k/a 3611 37th Street South ("Property"), recorded, at O.R. Book 17800, Page(s) 607-621, and O.R. Book 17800, Page(s) 602-606, respectively, in the Public Records of Pinellas County, Florida as to the southern portion of the property in conjunction with the funding of the Broadwater IV development which includes a \$110,000 subordinate, forgiven loan from the City to Pinellas Affordable Living, Inc. ("PAL, Inc.") authorized by City Council Resolution No. 2013-421; authorizing the Mayor or his Designee to execute all documents necessary to effectuate this transaction; and providing an effective date.

**COST/FUNDING/ASSESSMENT INFORMATION:**

\$500,000 has previously been expended in Award 80815 Project 13547 for Broadwater III (aka McCormick Place)  
\$110,000 is available in Award 80918 Project 14482 for Broadwater IV
