I Description and Purpose

The Commercial Building Interior and Tenant Improvement Grant provides matching grants to commercial property owners for interior upgrades with a focus on projects that remedy degraded building systems and extend the economic viability of the building.

II Consistency with South St. Petersburg Redevelopment Plan

The Commercial Building Interior and Tenant Improvement Grant program is consistent with the South St. Petersburg Community Redevelopment Plan (CRP) by promoting revitalization of commercial corridors in the CRA by improving and upgrading building stock. This program is a companion to the Commercial Site Improvement Grant, which focuses on exterior improvements, by helping extend the economic viability of commercial buildings through upgrades to critical interior building systems.

The South St. Petersburg CRP recognizes the importance of the CRA’s commercial corridors in growing existing businesses and attracting new ones. In the Action Plan, under “Business Development and Job Creation”, one strategy calls for working with owners along “primary commercial corridors in the CRA to maintain and upgrade their properties”, while another specifically instructs the City to develop a TIF program that will “provide incentives to owners of land and buildings along the CRA’s primary commercial corridors.” A further strategy calls for the adaptive reuse of underutilized buildings.

These strategies are reinforced in the Redevelopment and Funding Program, which details the implementation approach of the CRP and redevelopment programs that will carry it out. Improving the image and identity of South St. Petersburg to remedy blighting influences and encourage investment is a key feature of the Plan.

III Type and Amount of Award

An applicant may receive a matching grant of up to $20,000. To receive the full award from the City, eligible project costs must exceed $40,000. Applicants with properties listed on the Local Register of Historic Places may be eligible for an increase in the matching grant of up to $40,000 provided the award will be used to renovate the historic portion of the property and if the approved work is found compliant with the City of St. Petersburg Historic Preservation Ordinance. In awarding a historic property bonus, under no circumstance will the City contribute more than 50 percent of the total eligible project costs. Therefore, to receive the full $40,000 eligible project costs for a historic project must exceed $80,000. The TIF contribution will be reimbursable to the applicant upon completion of work.
An applicant may also be awarded additional funding for projects that utilize SBE contractors or allow occupancy of a building by a targeted industry user identified in the Grow Smarter Strategy. These industries are Financial Services, Specialized Manufacturing, Marine and Life Sciences, Data Analytics, and Creative Arts and Design. The recommended awards are as follows:

- **Using contractor with City SBE certification** $5,000 bonus
  - CRA-based SBE contractor up to $5,000
  - St. Petersburg-based SBE contractor up to $4,000
  - Other SBE contractor up to $2,500
- **Grow Smarter Initiative** $5,000 bonus

To receive the bonus for the Grow Smarter incentive, the applicant must document that the commercial space funded by the CRA grant is occupied by a targeted industry within one year of completion of the project. Only one (1) bonus award per type shall be given for each property. To receive the full $5,000 bonus for the SBE contractor and Grow Smarter bonuses, total project costs must equal or exceed $50,000. This will ensure that the City will contribute no more than one-half the total project cost. If the final project costs total between $40,000 and $50,000 then the City will reimburse the applicant the $20,000 maximum award allowed plus 50 percent of the remaining costs up to $5,000.

**IV Funding Source**

The City of St. Petersburg may allocate funding annually from its TIF contributions to support this program.

VIII Compliance Requirements

Successful applicants must sign a Grant Agreement with the Mayor or designee which specifies their obligations and rights upon issuance of the Grant. To ensure timely commencement and completion of the Project, the Applicant shall abide by the following deadlines:

a. Within 60 days of execution of the Grant Agreement, file a “Notice of Commencement” pursuant to the requirements of the City’s Construction Services and Permitting Department.

b. Within 6-18 months of execution of the Grant Agreement, request a “Review of Completed Work” from the City of St. Petersburg. (Length of time will depend on the nature of work to be performed.)

Applicants shall have no more than 90 days from City Council approval of awards to execute grant agreements, otherwise the City will revoke the awards. At the discretion of the Mayor the revocation may be waived upon demonstration of good cause. Applicants requiring the execution of a Grant Agreement to secure additional financing will be allowed 90 days from the execution date to do so before the above deadlines will commence. Absent approval of an extension of the deadlines in VIII.a. and VIII.b by the City, failure to comply will result in the cancellation of the TIF Agreement, rescission of
the Grant Award and return of the earmarked funding to the South St. Petersburg Redevelopment Trust Fund. The applicant must maintain the improvements in accordance with the terms of the Grant Agreement as well as the City’s Code of Ordinances.
