South St. Petersburg CRA Commercial Grant Program

What is the Commercial Building Interior and Tenant Improvement Grant program?

This program provides a reimbursable matching grant to commercial property owners and businesses within the South St. Petersburg Community Redevelopment Area (CRA) for interior upgrades to commercial buildings with a focus on projects that remedy degraded building systems and extend the economic viability of the building. (See the FAQ below on eligible and ineligible improvements.) The program improves capital access to private enterprise to spur reinvestment in commercial districts within the CRA.

What is the maximum award for the grant?

An applicant may receive a one-for-one matching grant of up to **\$20,000**. To receive the full award from the City, eligible project costs must exceed **\$40,000**.

Applicants with properties listed on the Local Register of Historic Places may be eligible for a matching grant of up to **\$40,000**, provided the work is on the historic portion of the property applied to the building and approved work is found compliant with the City of St. Petersburg Historic Preservation Ordinance. In awarding a historic property bonus, under no circumstance will the City contribute more than 50 percent of the total eligible project costs. Therefore, to receive the full **\$40,000** eligible project costs for a historic project must exceed **\$80,000**.

Please bring your application to **The Greenhouse** (City Hall Annex), located at **440 2nd Avenue North** (just east of City Hall).

Is there an application fee?

Yes. There is a \$35 fee to pay for criminal background checks on each signer of the application, including property owners that are not the business owner. This would include also a fee per each officer for those applications where the property and/or business owner is held by a LLC or other corporate ownership. To be paid, you must submit a request for review of work after completion and provide documentation that the work has been completed in accordance with City regulations through a Certificate of Completion or Certificate of Occupancy. In addition, you must provide documentation of the expenditures made supporting the project such as invoices, canceled checks, etc.

Are there other sources of potential funding to pay for my part of project costs and help me complete the project before receiving the grant award?

Yes. The Commercial Building and Tenant Improvement grant generally pays one-half of eligible project costs, which are reimbursed after the work is completed.
