Members: Committee Chair Darden Rice, Committee Vice-Chair Amy Foster, Council Chair Ed Montanari, and Council Member Deborah Figgs-Sanders

Alternate: Council Member Robert Blackmon

Support Staff: Jayne Ohlman - City Council Legislative Aide

1) Call to Order

2) Approval of Agenda

3) Approval of January 30, 2020 Minutes

4) New Business – February 13, 2020
   a) Albert Whitted Airport Master Plan Update & General Operations Update - Rich Lesniak & Chris Ballestra

Upcoming Meeting Dates & Tentative Agenda Items

February 27, 2020

   b) Consent Order Update – John Palenchar & Claude Tankersley

General Attachments:
Minutes of the January 30, 2020 PS&I Committee Meeting
New Business Item Support Material
Pending and Continuing Referral List
Present: Committee Members – Council Chair Ed Montanari, Council Member Amy Foster, Council Member Darden Rice, and Council Member Deborah Figgs-Sanders

Also Present: Council Member Robert Blackmon (Alternate), Council Member Brandi Gabbard, City Administrator - Deputy Mayor Dr. Kanika Tomalin, Assistant City Administrator Tom Greene, Chief Assistant City Attorney Jeannine Williams, Assistant City Attorney Devon Haggitt, Assistant City Attorney Jane Wallace, Billing & Collections Director Tammy Jerome, and Collection Manager David Dickerson

Support Staff: Jayne Ohlman - City Council Legislative Aide

1. Call to Order – 9:26 AM
2. Approval of Agenda – CM Foster moved approval, all members voted in favor.
3. Approval of January 16, 2020 Minutes – CM Foster moved approval, all members voted in favor.

Discussion of Potential Changes to the Special Assessment Program, Specifically Related to Term Length, Interest Rate, & the Basis for Estimating Assessments – Tom Greene

Committee Chair Rice began by introducing her new business item and gave a brief overview of the circumstances that led to the exploration of potential changes to the special assessment program. CM Rice explained that there is a portion of her district, the Magnolia Heights neighborhood, that still has unpaved roads. CM Rice explained that residents of the Magnolia Heights neighborhood have expressed interest in having their roads paved, however they would like to have a more manageable interest rate and repayment term.

Assistant City Administrator Tom Greene presented the committee with an overview of the city’s current practice for implementing special assessment programs. Mr. Greene also emphasized that the committee will be considering potential changes to the capital improvement portion of the program, which includes capital improvements such as paving and sidewalks. Mr. Greene explained that the current code language (2-299 Sec. 2-307) allows for a maximum repayment period of “not to exceed 20 years and establishes the maximum interest rate of 8% on current assessments.” Mr. Greene explained that City Council approved two modifications to the special assessment program in 1984 (Ordinance 789-F) to include the following language: “a primary rate of interest as shall be fixed by resolution of the city council. The installments shall be payable in ten (10) equal installments or for a shorter period as may be fixed by city council”

Mr. Greene explained that the “not to exceed 20-year term” codified in our code and the 10-year term utilized in the city’s current assessment format could be seen as inconsistent with Florida Statute, which allows for a maximum repayment period of 30 years. In addition, utilizing the 10-year repayment period for all capital improvement assessments may not take into consideration the useful life of the asset being financed. Mr. Greene stated that in order to address the Florida Statutory maximum and to take into consideration the useful life of the improvement being financed, staff proposes the following changes (noted in bold type) to city
code Section 2-307(a): “The special assessment shall be payable at the time and in the manner set forth in the resolution and may be made payable in equal installments of principal over a period not to exceed 30 years, or the useful life of the asset or improvement financed whichever is less.

CM Blackmon asked Mr. Greene if there would be changes to the interest rate cap along with the proposed changes to the payback term. Mr. Greene responded that there is not currently a proposal to change the language relating to interest rate, however, staff is exploring options such as indexing, which would allow the city to more accurately reflect the cost of the programs in changing interest rate environments. However, the city would maintain the 8% cap as provided in Florida Statute.

CM Figgs-Sanders asked what percentage of residents affected by a capital improvement special assessment would need to vote in favor for a project to move forward. CM Rice responded that 51% would need to vote in favor.

Mr. Greene emphasized that any potential changes will be implemented on a prospective basis and will not be applied to existing special assessments currently outstanding.

Council Chair Montanari made a motion to approve the proposed changes as presented by administration and CM Figgs-Sanders seconded the motion. All voted in favor.

*Committee Chair Rice adjourned the meeting at 9:45 AM*

ALBERT WHITTED AIRPORT (SPG) – OVERVIEW

- City of St. Petersburg is the “Airport Sponsor”.
- Located on the shores of Tampa Bay a few blocks south of downtown St. Petersburg within the “Innovation District”.
- Designated as a general aviation, reliever airport.
- ±179 acres: ±110 Functional, ±60 Submerged, ±9 AWWWTP
- Two Runways: 7/25 (3,677 ft) & 18/36 (2,864 ft).
- ±90,000 operations per year; ±180 based aircraft.
- Controlled airfield. FCT in operation from 7am – 9pm daily. 38th out of 256 (FCT); 165th out of 520 (all Towers)
- $79 million annual economic impact; 665 jobs (*source 2019 FDOT study)
ALBERT WHITTED AIRPORT - HISTORY

- St. Petersburg site of first commercial flight: the “St. Petersburg-Tampa Airboat Line” (1914).

- Airport property created from dredge material when Port of St. Petersburg was created.

- Used as an airfield starting in 1917 with a single landing strip.

- In 1928 facility named the “Albert Whitted Airport”.

- Improved and served as a training site during WWII (Naval V-5 Program; Stearmans/Wacos).

- Original home to the USCG Air Station (relocated to SPCIA in 1976).
ALBERT WHITTED AIRPORT – HISTORY (RECENT)

➤ As early as the 1960s the future usage of airport property questioned.

➤ Late 1990s heavy push for alternative uses of airport property (waterfront park, condos & expand USFSP).

➤ In 2003, referendum on the airport was put before the voters - 78% voted to retain the airport property as an operating airport.

➤ Mayor/City Council put together a Task Force to study the airport and make recommendations on its future.

➤ City did a Master Plan update (2005 – 2007) and commenced a Capital Improvement Program.

➤ $18.5 Million in capital improvements; 85% paid for with Federal and State grants.

➤ 2009 General Aviation Airport of the Year (FDOT)
ALBERT WHITTED AIRPORT – RECENT IMPROVEMENTS

Runway 7-25 Rehab - $2.8M

Galbraith Terminal - $5.2M

Terminal Hangar - $1.1M

Tower - $3.1M

Taxiway C Rehab - $800K
ALBERT WHITTED AIRPORT – ONGOING IMPROVEMENTS

SOUTHWEST HANGAR REDEVELOPMENT PROJECT ($8M Secured)

Runway 18/36 Rehab Project
($±4.5M)
WHAT IS AN AIRPORT MASTER PLAN

→ A FAA prescribed planning process (general layout & content of a MP is consistent for all airports)

→ The primary goal is to create a twenty (20) year development program that will maintain a safe, efficient, economical and environmentally acceptable airport facility for the local community and flying public.

→ The industry average is about every ten (10) years.

→ Public Input is a key component.

→ The FAA does not approve the Master Plan, they review, comment and ultimately “accept” it.

→ An Airport Layout Plan (ALP) document is created.

→ A current and approved ALP is required to be on file with the FAA if an airport would like to be the recipient of federal grants.
WHY DO AN AIRPORT MASTER PLAN NOW?

- Last one completed in 2007 (13 years ago).
- Changes (emerging) in industry, technology, markets, regulations, etc.
- The City has completed a good portion of the improvements that came out of the last master plan and Blue Ribbon Task Force.
- Airport is at full capacity and has a large demand.
RUNWAY 7-25 FEASIBILITY STUDY

- SAFETY ENHANCEMENT – Airport is safe, but continued risk reduction is always a goal

- OPERATIONAL ENHANCEMENT – Airport is limited for the corporate aircraft fleet

- ECONOMIC IMPACT – Increase revenues/self-sufficiency; Job creation; Competitive advantage
$400K Budget

Secured FAA & FDOT Grants

RFQ Process Spring/Summer 2018

Environmental Science Associates (ESA) selected

Awarded by Council in October 2018

Formally kicked-off December 2018

Estimate 18 – 24 months to complete

FAA - $360,000 (90%)
FDOT - $32,000 (8%)
City - $8,000 (2%)

KEY MILESTONES COMPLETED

➤ Master Plan Website established: www.albertwhittedmasterplan.com

➤ AGIS Survey Completed

➤ Established & Met with Technical Working Group

➤ Working Paper #1 Completed: Introduction, Existing Conditions, Aviation Forecasts

➤ FAA Approved the Aviation Forecasts; “Critical Aircraft” Identified

➤ First Public Workshop held in July 2019

➤ Working Paper #2 Draft: Facility Requirements
EXISTING CRITICAL AIRCRAFT

Runway 7-25

Pilatus PC-12

- Wingspan: 53’ 4”
- Length: 47’ 3”
- Tail Height: 14’ 0”
- MTOW: 10,450 lbs.
- Reference Code: A-II Small Aircraft

Runway 18-36

Piper PA-31 Navajo

- Wingspan: 40’ 8”
- Length: 32’ 8”
- Tail Height: 13’
- MTOW: 6,500 lbs.
- Reference Code: B-I Small Aircraft
REPRESENTATIVE FUTURE CRITICAL AIRCRAFT

Runway 7-25

Cessna Citation CJ4

- Wingspan: 50' 10"
- Length: 53' 4"
- Tail Height: 15' 5"
- MTOW: 17,110 lbs.
- Reference Code: B-II

Runway 18-36

Piper PA-31 Navajo

- Wingspan: 40' 8"
- Length: 32' 8"
- Tail Height: 13'
- MTOW: 6,500 lbs.
- Reference Code: B-I Small Aircraft
NEXT STEPS

→ Environmental Analysis

→ Create Development Alternatives

→ Select Preferred Alternative

→ Complete and Submit New ALP

→ Additional Public Form/TWG Meeting

→ Create Capital Improvement Program

→ City Adoption of Final Plan

→ Final Submittal to FAA
