Program

The **ASYEP** provides after-school employment opportunities for youth in the city of St. Petersburg. Participants must reside in St. Petersburg, range in age from 14 to 18 years, meet household income guidelines, pass a background screening, and be enrolled in high school.

The **ASYEP** is funded by the City of St. Petersburg, but private sector employers are needed to ensure its overall success. Interns will work up to 15 hours per week and will earn a salary of \$8.05 per hour. Private sector employers will pay 100% of the intern's hourly wage including payroll taxes, workman's compensation, and social security which equals \$9.68 per hour for each intern.

The **ASYEP** will begin on September 8, 2015 and end on May 13, 2016. If you are an employer who is interested in partnering with Boley Centers, Inc. and the City of St. Petersburg, please contact Beverly Hillary at (727) 821-4819 ext. 5232. Thank you for your support.
