Man Critically Wounded During Home Invasion Robbery

Victim: Angelo Jerome Barbary, B/M, DOB 11/21/55 of 1405 7 Avenue North, Apt # 4

At approximately 2:45 a.m. this morning, officers were called to the residence at 1405 7 Avenue North, Apt # 4 regarding a person being shot. Upon arrival they found Angelo Barbary lying wounded on the porch outside his apartment. Barbary had been shot once in the upper body and was transported to Bayfront Medical Center in critical condition.

Preliminary information from a witness indicates that Barbary was seated on his porch when he was approached by two B/M suspects, both who were masked. One of the suspects shot Barbary and then both proceeded into Barbary's apartment. It is unknown if any items were taken at this time. Both suspects emerged a short time later and fled the area on foot.

This is still an active investigation and according to detectives there are indications of drug overtones.
