## **Update re. Resident Shot during Home Invasion Robbery**

The investigation is still ongoing regarding the home invasion robbery which took place 4396 Cobia Drive SE this morning.

Updated information now indicates the robbery took place at about 4:45 a.m. at which time the home was occupied by three people.

It now appears that there three suspects who entered the house via an unsecured rear entrance and confronted one of the victims, a 27 year old male, demanding money. The victim struggled with one armed suspect and was subsequently shot one in the lower body.

The suspects did take some property from the house and then fled. The two other occupants of the house, both adult females, were unharmed.

The wounded male victim was taken to the hospital, but his injury is not life threatening.

All of the suspects appeared to be males in their late teens to early twenties and all had handguns with cloth covering their faces.
