City of St. Petersburg
Water Resources Dept. - Wastewater Collection Division
SSO Discharge Report

Incident ID #: 2016-6679

Attention: Michelle Holton, FDEP SW District
          FDEP General Mailbox
          Pinellas County Health Department
          Michelle.Holton@dep.state.fl.us
          SWD_DW@dep.state.fl.us
          Brandy.Downing@flhealth.gov
          Fax: (813) 470-5995
          Fax: Same as above
          Fax: (727) 538-7293

Florida State Division of Emergency Management: 1-800-320-0519 (required for SSO > 1,000 gallons)

Date/Time of discharge: Begin: 8 / 31 / 16 11:00 AM End: 9 / 7 / 16 2:30 PM

Total Estimated Volume of Discharge: Unknown – see attached
Total Estimated Volume of Discharge to Surface Waters: Unknown – see attached

Location of Discharge (Address/Intersection): Southwest Service area – see attachment for detailed locations.
Manhole(s) Number (if Manhole Overflow): Manhole numbers and address locations are listed on the attached.

Treatment Facility Service Area: NEWRF-FLA128856  NWRF-FLA128821  SWWRF-FLA128848

Name/body/location of Surface Waters Impacted: See attached.

Disposition of Discharge:

☐ Flowed to Surface water (see above)  ☒ Flowed to Storm Sewer
☐ Contained Removed by: Victor
☐ Other:

Cause of discharge:

☐ Grease Accumulation  ☐ Roots  ☐ Pipe Break/failure  ☐ Debris
☐ Contractor Action  ☐ Vandalism  ☒ Extreme Weather  ☐ Other

Disinfecting Agent: Lemo-Quat Disinfectant

Comments: Overflows were widely distributed and intermittent in some cases and constant but of irregular rates in others. In all locations reported volumes were estimated to be in excess of 1,000 gallons reaching stormwater or surface waters and the impacted areas are being sampled for contamination. The nature of all of the SSO’s reported herein are diluted raw wastewater. Laboratory analytical results reports will be forthcoming.

Laboratory Notified: ☒ Yes  ☐ Not Required

Action taken to correct problem & prevent recurrence: Improvement projects to increase the treatment capacity at the City’s Water Reclamation Facilities and to reduce Inflow and Infiltration (I & I) are in the process of being implemented.

Reported by: Lane Longley  Title: Manager, Wastewater Collection Division
Contact Ph: (727) 892-5612  Other Contact: Janet DeBiasio (727) 892-5640
