

**ST. PETERSBURG CITY COUNCIL**

**Consent Agenda**

**Meeting of February 7, 2019**

**To: City Council Chair and Members of City Council**

**Subject:** A resolution authorizing the Mayor or his designee to accept an Assistance Funding Purchase Order ("Order") from the Florida Fish and Wildlife Conservation Commission ("FFWCC") Gopher Tortoise Habitat Management Program for a Gopher Tortoise Habitat Management Plan Phase VII Project at Boyd Hill Nature Preserve at a maximum reimbursement amount of \$15,000; and to execute all other documents necessary to effectuate the Order; approving a supplemental appropriation in the amount of \$15,000 from the increase in the unappropriated balance of the General Fund (0001), resulting from these additional revenues, to the Parks & Recreation Boyd Hill Nature Trail (1902389) Gopher Tortoise Habitat Management Plan Phase VII Project (TBD); and providing an effective date.

**Explanation:** The FFWCC Gopher Tortoise Habitat Management Program has awarded the City an Assistance Funding Purchase Order ("Order") in the amount of \$15,000 for a Gopher Tortoise Habitat Management Plan Phase VII Project at Boyd Hill Nature Preserve ("Preserve"). The Preserve has a large population of gopher tortoises and burrows; however, vegetation is becoming too dense to sustain the foraging and burrowing needs of the tortoises. The proposed management activities will create forest openings to increase suitable habitat at the site for the tortoises. Work under this Order includes a prescribed burn of 65 acres of sand pine scrub, mechanical treatment of sabal palms, and selective herbicide treatment of non-native invasive plants to include saw palmetto and pines in units 1 and 2 to be done by a third party contractor. In Florida, the gopher tortoise is listed as a "threatened" species, and therefore, the tortoise and its burrow are protected under state law. Based on the above information, administration recommends adoption of the attached resolution authorizing the Mayor or his designee accept an Assistance Funding Purchase Order ("Order") from the Florida Fish and Wildlife Conservation Commission ("FFWCC") Gopher Tortoise Habitat Management Program for a Gopher Tortoise Habitat Management Plan Phase VII Project at Boyd Hill Nature Preserve at a maximum reimbursement amount of \$15,000; and to execute all other documents necessary to effectuate the Order.

**Cost/Funding/Assessment Information:** Revenues of up to \$15,000 are to be received from this Order. A supplemental appropriation in the amount of \$15,000 from the increase in the unappropriated balance of the General Fund (0001) resulting from these additional revenues, to the Parks & Recreation Boyd Hill Nature Trail (1902389) Gopher Tortoise Habitat Management Plan Phase VII Project (TBD) will be necessary.
