Powers and Duties of CPPC and DRC: HB401

INTRODUCTION

The 2021 Florida legislative session passed House Bill 401/SB284. The original bill text filed under HB55 prohibited zoning and development regulations relating to building design for one- or two-family buildings with the exception structures listed on National Register of Historic Places or contributing structures to a historic district; or the regulations implement the National Flood Insurance Program. The final version of this Building Design pre-emption legislation filed under HB401/SB284 which passed and was enrolled added the following language that effectively allows design regulations currently in place to remain:

(5)(a) Land development regulations relating to building design elements may not be applied to a single-family or two-family dwelling **unless:** 7. The dwelling is located within the jurisdiction of a local government that has a design review board or architectural review board

In the City of St. Petersburg, the Community Preservation and Planning Commission and Development Review Commission are the City's design review boards, and therefore the pre-emption does not apply. The purpose of the proposed amendments is to clarify and affirm this under the Powers and Duties of both boards.

BACKGROUND

St. Petersburg is a built-out city of over 275,000, with housing stock developed primarily in the 1920's and 50's, prior to the advent and more widespread use of HOA's, covenants and restrictions. Much of the housing consists of small, two-bedroom homes which do not meet the needs of today's residents. Many of these homes are being replaced and the City supports the updating and replacement of these structures through infill development of vacant lots, home additions and razing/replacement of obsolescent structures.

In 2001, a community wide visioning process led to a citywide rezoning in 2007 and adoption of design standards for all development types in all districts. These design regulations are intended to preserve the character of distinct neighborhoods and promote compatibility for new homes. There are no regulations for color or architectural style. In Neighborhood Traditional districts, which make up about half of the neighborhoods in the City, there are requirements for design elements such as a front porch, a 12-inch step-up to the front entry, and a minimum percentage of windows and architectural features.

During the recession of 2007-12, an average of about 50 new homes were built each year, and since then the average has been over 275, with some neighborhoods experiencing a 10-20% replacement of the existing housing stock. In

2017, after broad community outreach which included both neighborhood representatives as well as designers and builders, the code was modified with unanimous approval, easing some design standards (percentages of windows and architectural features) while adopting limits on building size, to control scale and mass, and allow for larger homes with bonuses for design elements. In October of 2019, staff reported back on the effect of the regulations and demonstrated that these standards are improving compatibility of new homes, while still allowing the size of homes desired by the market. In December 2019, a new zoning category was added to the code to allow additional building types to address housing supply needs, with design standards to provide compatibility with existing homes.

PROPOSED LDR TEXT AMENDMENT

The Development Review Commission (DRC) and the Community Planning and Preservation Commission (CPPC) serve as the City design review boards. The purpose of the amendments is to provide clarity and consistency with the language in HB401/SB1146, adding additional language to the powers of the Development Review Commission (DRC) and the Community Planning and Preservation Commission (CPPC), to explicitly include the term “design review board, as shown below in ~~strike through~~ and underline format).

16.80.010. - COMMUNITY PLANNING AND PRESERVATION COMMISSION (CPPC)

16.80.010.1. - Powers and duties.

A. There is hereby created a Community Planning and Preservation Commission (CPPC) to act as the Design Review Board and local planning agency (LPA) for the purposes of and as required by the Community Planning Act and the Community Redevelopment Act of 1969. The CPPC as the LPA and, where required, the county planning council shall act upon all proposed amendments to the Comprehensive Plan and any element or portion thereof in all cases in which LPA review and recommendations are required by the Community Planning Act and the Community Redevelopment Act of 1969.

C. The CPPC shall act on historic and archaeological matters, including acting as the Land Development Regulation Commission (LDRC) for the purposes of and as required by the Community Planning Act to review and evaluate proposed modifications to the Land Development Regulations related to historic and archaeological preservation, to review and evaluate proposed historic designations, certificates of appropriateness and any other action to be performed pursuant to the Historic and Archaeological Preservation Overlay Section, and perform all other duties required by the City of St. Petersburg's Certified Local Government Statutes awarded by the State.

16.80.020. - DEVELOPMENT REVIEW COMMISSION (DRC)

16.80.020.1. - Powers and duties.

A. There is hereby created a Development Review Commission (DRC) to act as the Design Review Board and evaluate and act on the development proposals within the City in order to ensure compliance with the Comprehensive Plan, zoning ordinance and other appropriate City regulations, to act as the Land Development Regulation Commission (LDRC) for the purposes of and as required by the Local Government Comprehensive Planning and Land Development Regulation Act to review and evaluate proposed modifications to the Land Development Regulations, except as to certain historic and archaeological preservation matters where the Community Planning and Preservation Commission will serve as the LDRC, and to act as the Airport Zoning Commission for the purposes of and as required by F.S., Ch. 333, Airport Zoning, to review certain airport obstruction permits and decide appeals.

CONSISTENCY with the COMPREHENSIVE PLAN

The following objectives and policies from the City's Comprehensive Plan are applicable to the proposed Land Development Regulations amendment:

Vision Element

Vision 2020

The St. Petersburg Vision 2020 Plan, adopted by City Council on October 17, 2002, was born from concern by neighborhood activists, Planning Commissioners, City Council, City Staff and the development community over land development regulations and review processes that were difficult and often yielded unsatisfactory results. Primary among the concerns was a zoning code that did not address the traditional character of older, pre-WWII neighborhoods and commercial areas and the lack of design guidelines to ensure a minimum design quality for development, redevelopment, alterations and additions.

Results of a successful 2020 Vision Include: Revised/renewed commitment to appropriate codes and standards of design for architecture, signage, landscape and site planning to ensure quality and beauty.

Policy V1.1: Development decisions and strategies shall integrate the guiding principles found in the Vision Element with sound planning principles followed in the formal planning process.

Objective LU7: The City will continue to revise and amend the land development regulations, as necessary, to ensure compliance with the requirements of Chapter 163.3202, Florida Statutes and Chapter 9J-24 F.A.C. The City will amend its land development regulations consistent with the requirements of Chapter 163.3202, Florida Statutes and Chapter 9J-24 F.A.C. so that future growth and development will continue to be managed through the preparation, adoption, implementation and enforcement of land development regulations that are consistent with the Comprehensive Plan.

Policy LU7.1: Pursuant to the requirements of Chapter 163.3202 F.S. and Chapter 9J-24 F.A.C. the land development regulations will be amended, as necessary, to ensure consistency with the goals, objectives and policies of the Comprehensive Plan.

Policy LU20.1: The City shall continue to utilize its innovative development regulations and staff shall continue to examine new innovative techniques by working with the private sector, neighborhood groups, and special interest groups and by monitoring regulatory innovations to identify potential solutions to development issues that provide incentives for the achievement of the goals, objectives and policies of the Comprehensive Plan

PUBLIC HEARING PROCESS

The proposed ordinance associated with the LDR text amendment requires one (1) public hearing before the Development Review Commission (DRC) and two (2) City Council public hearings.

Schedule: City Council - first reading August 5th; City Council – second reading August 19th

RECOMMENDATION

This is a City-initiated application requesting that the Development Review Commission (DRC), in its capacity as the Land Development Regulations Commission (LDRC), make a finding of consistency with the Comprehensive Plan and recommend to City Council **APPROVAL** of the following text amendments to the City Code, Chapter 16, Land Development Regulations (LDRs) related to House Bill 401 (effective July 1, 2021) described herein.

City of St. Petersburg Housing Affordability Impact Statement

Each year, the City of St. Petersburg receives approximately \$2 million in State Housing Initiative Partnership (SHIP) funds for its affordable housing programs. To receive these funds, the City is required to maintain an ongoing process for review of local policies, ordinances, resolutions, and plan provisions that *increase the cost of housing construction, or of housing redevelopment*, and to establish a tracking system to estimate the cumulative cost per housing unit from these actions for the period July 1– June 30 annually. This form should be attached to all policies, ordinances, resolutions, and plan provisions which increase housing costs, and a copy of the completed form should be provided to the City's Housing and Community Development Department.

II. **Policy, Procedure, Regulation, or Comprehensive Plan Amendment Under Consideration for adoption by Ordinance or Resolution:**

See attached amendment to Chapter 16, City Code of Ordinances (City File LDR 2021-04).

III. **Impact Analysis:**

A. Will the proposed policy, procedure, regulation, or plan amendment, (being adopted by ordinance or resolution) increase the cost of housing development? (i.e. more landscaping, larger lot sizes, increase fees, require more infrastructure costs up front, etc.)

No X (No further explanation required.)

Yes Explanation:

If Yes, the **per unit cost increase** associated with this proposed policy change is estimated to be:
\$.

B. Will the proposed policy, procedure, regulation, plan amendment, etc. increase the time needed for housing development approvals?

No X (No further explanation required)

Yes Explanation:

IV: **Certification**

It is important that new local laws which could counteract or negate local, state and federal reforms and incentives created for the housing construction industry receive due consideration. If the adoption of the proposed regulation is imperative to protect the public health, safety and welfare, and therefore its public purpose outweighs the need to continue the community's ability to provide affordable housing, please explain below:

X ☐ The proposed regulation, policy, procedure, or comprehensive plan amendment will **not** result in an increase to the cost of housing development or redevelopment in the City of St. Petersburg and no further action is required. 67 subsection (5) is added to that section, to read:

68 163.3202 Land development regulations.—

69 (5) (a) Land development regulations relating to building
70 design elements may not be applied to a single-family or two-
71 family dwelling unless:

72 1. The dwelling is listed in the National Register of
73 Historic Places, as defined in s. 267.021(5); is located in a

77 2. The regulations are adopted in order to implement the
78 National Flood Insurance Program;

79 3. The regulations are adopted pursuant to and in
80 compliance with chapter 553;

81 4. The dwelling is located in a community redevelopment
82 area, as defined in s. 163.340(10);

83 5. The regulations are required to ensure protection of
84 coastal wildlife in compliance with s. 161.052, s. 161.053, s.
85 161.0531, s. 161.085, s. 161.163, or chapter 373;

86 6. The dwelling is located in a planned unit development
87 or master planned community created pursuant to a local
88 ordinance, resolution, or other final action approved by the
89 local governing body; or

90 7. The dwelling is located within the jurisdiction of a
91 local government that has a design review board or architectural
92 review board.

93 (b) For purposes of this subsection, the term:

94 1. "Building design elements" means the external building
95 color; the type or style of exterior cladding material; the
96 style or material of roof structures or porches; the exterior
97 nonstructural architectural ornamentation; the location or
98 architectural styling of windows or doors; the location or
99 orientation of the garage; the number and type of rooms; and the
100 interior layout of rooms. The term does not include the height,

101 bulk, orientation, or location of a dwelling on a zoning lot; or
102 the use of buffering or screening to minimize potential adverse
103 physical or visual impacts or to protect the privacy of
104 neighbors.

105 2. "Planned unit development" or "master planned
106 community" means an area of land that is planned and developed
107 as a single entity or in approved stages with uses and
108 structures substantially related to the character of the entire
109 development, or a self-contained development in which the
110 subdivision and zoning controls are applied to the project as a
111 whole rather than to individual lots.

112 (c) This subsection does not affect the validity or
113 enforceability of private covenants or other contractual
114 agreements relating to building design elements.

115 Section 2. Subsections (4), (5), and (8) of section
116 553.73, Florida Statutes, are amended to read:

117 553.73 Florida Building Code.—

118 (4)(a) All entities authorized to enforce the Florida

131 responsible for establishing the standards and procedures
132 required in this subsection ~~paragraph~~ for governmental entities
133 with respect to applying the Florida Fire Prevention Code and
134 the Life Safety Code.

135 (b) Local governments may, subject to the limitations in
136 ~~of~~ this section and not more than once every 6 months, adopt
137 amendments to the technical provisions of the Florida Building
138 Code that ~~which~~ apply solely within the jurisdiction of such
139 government and that ~~which~~ provide for more stringent

152 needs or regional variation addressed by the Florida Building
153 Code, that the local need is addressed by the proposed local
154 amendment, and that the amendment is no more stringent than
155 necessary to address the local need.

156 2. Such additional requirements are not discriminatory
157 against materials, products, or construction techniques of
158 demonstrated capabilities.

159 3. Such additional requirements may not introduce a new
160 subject not addressed in the Florida Building Code.

161 (c)4. The enforcing agency shall make readily available,
162 in a usable format, all amendments adopted under ~~pursuant to~~
163 this section.

164 (d)5. Any amendment to the Florida Building Code shall be
165 transmitted within 30 days after adoption by the ~~adopting~~ local

255 such technical amendment carried forward into the next edition
256 of the code under ~~pursuant to~~ this paragraph is subject to
257 review or modification as provided in this part.

258 (1) If a local government adopts a regulation, law,
259 ordinance, policy, amendment, or land use or zoning provision
260 without using the process established in this subsection, and a
261 substantially affected person considers such regulation, law,
262 ordinance, policy, amendment, or land use or zoning provision to
263 be a technical amendment to the Florida Building Code, then the
264 substantially affected person may submit a petition to the
265 commission for a nonbinding advisory opinion. If a substantially
266 affected person submits a request in accordance with this
267 paragraph, the commission shall issue a nonbinding advisory
268 opinion stating whether or not the commission interprets the
269 regulation, law, ordinance, policy, amendment, or land use or

279 land use or zoning provision, or an association of owners or
280 builders having members who are subject to the regulation, law,
281 ordinance, policy, amendment, or land use or zoning provision.

282 2. In order to initiate a review, a substantially affected
283 person must file a petition with the commission. The commission
284 shall adopt a form for the petition and directions for filing,
285 which shall be published on the Building Code Information
286 System. The form shall, at a minimum, require the following:

287 a. The name of the local government that enacted the
288 regulation, law, ordinance, policy, amendment, or land use or
289 zoning provision.

290 b. The name and address of the local government's general
291 counsel or administrator.

292 c. The name, address, and telephone number of the
293 petitioner; the name, address, and telephone number of the
294 petitioner's representative, if any; and an explanation of how
295 the petitioner's substantial interests are being affected by the
296 regulation, law, ordinance, policy, amendment, or land use or
297 zoning provision.

298 d. A statement explaining why the regulation, law,

provisions of the Florida Building Code, if any, are being amended by the regulation, law, ordinance, policy, amendment, or land use or zoning provision.

3. The petitioner shall serve the petition on the local government's general counsel or administrator by certified mail, return receipt requested, and send a copy of the petition to the commission, in accordance with the commission's published directions. The local government shall respond to the petition in accordance with the form by certified mail, return receipt requested, and send a copy of its response to the commission, within 14 days after receipt of the petition, including Saturdays, Sundays, and legal holidays.

4. Upon receipt of a petition that meets the requirements of this paragraph, the commission shall publish the petition, including any response submitted by the local government, on the Building Code Information System in a manner that allows interested persons to address the issues by posting comments.

5. Before issuing an advisory opinion, the commission shall consider the petition, the response, and any comments posted on the Building Code Information System. The commission may also provide the petition, the response, and any comments posted on the Building Code Information System to a technical advisory committee, and may consider any recommendation provided by the technical advisory committee. The commission shall issue an advisory opinion stating whether the regulation, law,

331 the Florida Administrative Register. The commission's advisory
332 opinion is nonbinding and is not a declaratory statement under
333 s. 120.565.

334 (5) Notwithstanding subsection (4), counties and
335 municipalities may adopt by ordinance an administrative or
336 technical amendment to the Florida Building Code relating to
337 flood resistance in order to implement the National Flood
338 Insurance Program or incentives. Specifically, an administrative
339 amendment may assign the duty to enforce all or portions of
340 flood-related code provisions to the appropriate agencies of the
341 local government and adopt procedures for variances and
342 exceptions from flood-related code provisions other than
343 provisions for structures seaward of the coastal construction
344 control line consistent with the requirements in 44 C.F.R. s.
345 60.6. A technical amendment is authorized to the extent it is
346 more stringent than the code. A technical amendment is not
347 subject to the requirements of subsection (4) and may not be
348 rendered void when the code is updated if the amendment is
349 adopted for the purpose of participating in the Community Rating
350 System promulgated pursuant to 42 U.S.C. s. 4022, the amendment

351 had already been adopted by local ordinance prior to July 1,
352 2010, or the amendment requires a design flood elevation above
353 the base flood elevation. Any amendment adopted under ~~pursuant~~
354 ~~to~~ this subsection shall be transmitted to the commission within
355 30 days after being adopted. A municipality, county, or special
356 district may not use preliminary maps issued by the Federal
357 Emergency Management Agency for any law, ordinance, rule, or
358 other measure that has the effect of imposing land use changes
359 or permits.

360 (8) Notwithstanding subsection (3) or subsection (7), the
361 commission may address issues identified in this subsection by
362 amending the code under ~~pursuant to~~ the rule adoption procedures
363 in chapter 120. Updates to the Florida Building Code, including
364 provisions contained in referenced standards and criteria which
365 relate to wind resistance or the prevention of water intrusion,
366 may not be amended under ~~pursuant to~~ this subsection to diminish
367 those standards; however, the commission may amend the Florida
368 Building Code to enhance such standards. Following the approval
369 of any amendments to the Florida Building Code by the commission
370 and publication of the amendments on the commission's website,
371 authorities having jurisdiction to enforce the Florida Building
372 Code may enforce the amendments.

373 (a) The commission may approve amendments that are needed
374 to address:

375 1.~~(a)~~ Conflicts within the updated code;

376 ~~2.(b)~~ Conflicts between the updated code and the Florida
377 Fire Prevention Code adopted under ~~pursuant to~~ chapter 633;

378 ~~3.(c)~~ Unintended results from the integration of
379 previously adopted amendments with the model code;

380 ~~4.(d)~~ Equivalency of standards;

381 ~~5.(e)~~ Changes to or inconsistencies with federal or state
382 law; or

383 ~~6.(f)~~ Adoption of an updated edition of the National
384 Electrical Code if the commission finds that delay of
385 implementing the updated edition causes undue hardship to
386 stakeholders or otherwise threatens the public health, safety,
387 and welfare.

388 (b) The commission may issue errata to the code pursuant
389 to the rule adoption procedures in chapter 120 to list
390 demonstrated errors in provisions contained within the Florida
391 Building Code. The determination of such errors and the issuance
392 of errata to the code must be approved by a 75 percent
393 supermajority vote of the commission. For purposes of this
394 paragraph, "errata to the code" means a list of errors on
395 current and previous editions of the Florida Building Code.

396 Section 3. Paragraph (d) is added to subsection (1) of
397 section 553.79, Florida Statutes, to read:

398 553.79 Permits; applications; issuance; inspections.—

404 Section 4. Present subsections (10) through (19) of
405 section 553.791, Florida Statutes, are redesignated as
406 subsections (11) through (20), respectively, a new subsection
407 (10) and subsection (21) are added to that section, and
408 subsection (1), paragraph (b) of subsection (2), subsections
409 (3), (4), and (6), paragraphs (b) and (d) of subsection (7),
410 subsections (8) and (9), and present subsections (10), (11),
411 (12), (14), and (15) are amended, to read:

412 553.791 Alternative plans review and inspection.—

413 (1) As used in this section, the term:

414 (a) "Applicable codes" means the Florida Building Code and
415 any local technical amendments to the Florida Building Code but
416 does not include the applicable minimum fire prevention and
417 firesafety codes adopted pursuant to chapter 633.

418 (b) "Audit" means the process to confirm that the building
419 code inspection services have been performed by the private
420 provider, including ensuring that the required affidavit for the
421 plan review has been properly completed and submitted with
422 ~~affixed to~~ the permit documents and that the minimum mandatory
423 inspections required under the building code have been performed
424 and properly recorded. The local building official may not
425 replicate the plan review or inspection being performed by the

private provider, unless expressly authorized by this section.

(c) "Building" means any construction, erection, alteration, demolition, or improvement of, or addition to, any structure or site work for which permitting by a local enforcement agency is required.

(d) "Building code inspection services" means those services described in s. 468.603(5) and (8) involving the review of building plans as well as those services involving the review of site plans and site work engineering plans or their functional equivalent, to determine compliance with applicable codes and those inspections required by law, conducted either in person or virtually, of each phase of construction for which permitting by a local enforcement agency is required to determine compliance with applicable codes.

(e) "Deliver" or "delivery" means any method of delivery used in conventional business or commercial practice, including delivery by electronic transmissions.

(f) "Duly authorized representative" means an agent of the private provider identified in the permit application who reviews plans or performs inspections as provided by this section and who is licensed as an engineer under chapter 471 or as an architect under chapter 481 or who holds a standard certificate under part XII of chapter 468.

(g) "Electronically posted" means providing notices of decisions, results, or records, including inspection records,

ENROLLED

451 through the use of a website or other form of electronic
452 communication used to transmit or display information.

453 (h) "Electronic signature" means any letters, characters,
454 or symbols manifested by electronic or similar means which are
455 executed or adopted by a party with an intent to authenticate a
456 writing or record.

457 (i) "Electronic transmission" or "submitted
458 electronically" means any form or process of communication not
459 directly involving the physical transfer of paper or another
460 tangible medium which is suitable for the retention, retrieval,
461 and reproduction of information by the recipient and is
462 retrievable in paper form by the receipt through an automated
463 process. All notices provided for in this section may be
464 transmitted electronically and shall have the same legal effect
465 as if physically posted or mailed.

466 (j) ~~(f)~~ "Immediate threat to public safety and welfare"
467 means a building code violation that, if allowed to persist,
468 constitutes an immediate hazard that could result in death,
469 serious bodily injury, or significant property damage. This
470 paragraph does not limit the authority of the local building
471 official to issue a Notice of Corrective Action at any time
472 during the construction of a building project or any portion of
473 such project if the official determines that a condition of the
474 building or portion thereof may constitute a hazard when the
475 building is put into use following completion as long as the

condition cited is shown to be in violation of the building code or approved plans.

(k)~~(g)~~ "Local building official" means the individual within the governing jurisdiction responsible for direct regulatory administration or supervision of plans review, enforcement, and inspection of any construction, erection, alteration, demolition, or substantial improvement of, or addition to, any structure for which permitting is required to indicate compliance with applicable codes and includes any duly authorized designee of such person.

(1)~~(h)~~ "Permit application" means a properly completed and submitted application for the requested building or construction permit, including:

1. The plans reviewed by the private provider.
2. The affidavit from the private provider required under subsection (6).
3. Any applicable fees.
4. Any documents required by the local building official to determine that the fee owner has secured all other government approvals required by law.

(m)~~(i)~~ "Plans" means building plans, site engineering plans, or site plans, or their functional equivalent, submitted by a fee owner or fee owner's contractor to a private provider or duly authorized representative for review.

(n)~~(j)~~ "Private provider" means a person licensed as a

501 building code administrator under part XII of chapter 468, as an
502 engineer under chapter 471, or as an architect under chapter
503 481. For purposes of performing inspections under this section
504 for additions and alterations that are limited to 1,000 square
505 feet or less to residential buildings, the term "private
506 provider" also includes a person who holds a standard
507 certificate under part XII of chapter 468.

508 (o) ~~(k)~~ "Request for certificate of occupancy or
509 certificate of completion" means a properly completed and
510 executed application for:

511 1. A certificate of occupancy or certificate of
512 completion.

513 2. A certificate of compliance from the private provider
514 required under subsection (12) ~~(11)~~.

515 3. Any applicable fees.

516 4. Any documents required by the local building official
517 to determine that the fee owner has secured all other government
518 approvals required by law.

519 (p) "Single-trade inspection" means any inspection focused
520 on a single construction trade, such as plumbing, mechanical, or
521 electrical. The term includes, but is not limited to,
522 inspections of door or window replacements; fences and block
523 walls more than 6 feet high from the top of the wall to the
524 bottom of the footing; stucco or plastering; reroofing with no
525 structural alteration; HVAC replacements; ductwork or fan

526 replacements; alteration or installation of wiring, lighting,
527 and service panels; water heater changeouts; sink replacements;
528 and repiping.

529 (q)~~(l)~~ "Site work" means the portion of a construction
530 project that is not part of the building structure, including,
531 but not limited to, grading, excavation, landscape irrigation,
532 and installation of driveways.

533 (r)~~(m)~~ "Stop-work order" means the issuance of any written
534 statement, written directive, or written order which states the
535 reason for the order and the conditions under which the cited
536 work will be permitted to resume.

537 (2)

538 (b) If an owner or contractor retains a private provider
539 for purposes of plans review or building inspection services,
540 the local jurisdiction must reduce the permit fee by the amount
541 of cost savings realized by the local enforcement agency for not
542 having to perform such services. Such reduction may be
543 calculated on a flat fee or percentage basis, or any other
544 reasonable means by which a local enforcement agency assesses
545 the cost for its plans review or inspection services ~~It is the~~
546 ~~intent of the Legislature that owners and contractors pay~~
547 ~~reduced fees related to building permitting requirements when~~
548 ~~hiring a private provider for plans review and building~~

553 ~~and reduce the permit fees accordingly.~~ The local jurisdiction
554 may not charge fees for building inspections if the fee owner or
555 contractor hires a private provider to perform such services;
556 however, the local jurisdiction may charge a reasonable
557 administrative fee.

558 (3) A private provider and any duly authorized
559 representative may only perform building code inspection
560 services that are within the disciplines covered by that
561 person's licensure or certification under chapter 468, chapter
562 471, or chapter 481, including single-trade inspections. A
563 private provider may not provide building code inspection
564 services pursuant to this section upon any building designed or
565 constructed by the private provider or the private provider's
566 firm.

567 (4) A fee owner or the fee owner's contractor using a
568 private provider to provide building code inspection services
569 shall notify the local building official in writing at the time
570 of permit application, or by 2 p.m. local time, 2 business days
571 before the first scheduled inspection by the local building
572 official or building code enforcement agency that ~~for~~ a private

commission. This notice shall include the following information:

(a) The services to be performed by the private provider.

(b) The name, firm, address, telephone number, and e-mail address ~~facsimile number~~ of each private provider who is performing or will perform such services, his or her professional license or certification number, qualification statements or resumes, and, if required by the local building official, a certificate of insurance demonstrating that professional liability insurance coverage is in place for the private provider's firm, the private provider, and any duly authorized representative in the amounts required by this section.

(c) An acknowledgment from the fee owner in substantially the following form:

I have elected to use one or more private providers to provide building code plans review and/or inspection services on the building or structure that is the subject of the enclosed permit application, as authorized by s. 553.791, Florida Statutes. I understand that the local building official may not review the plans submitted or perform the required building inspections to determine compliance with the applicable codes, except to the extent specified in said law. Instead, plans review and/or required

605 insurance to protect my interests. By executing this
606 form, I acknowledge that I have made inquiry regarding
607 the competence of the licensed or certified personnel
608 and the level of their insurance and am satisfied that
609 my interests are adequately protected. I agree to
610 indemnify, defend, and hold harmless the local
611 government, the local building official, and their
612 building code enforcement personnel from any and all
613 claims arising from my use of these licensed or
614 certified personnel to perform building code
615 inspection services with respect to the building or
616 structure that is the subject of the enclosed permit

619 If the fee owner or the fee owner's contractor makes any changes
620 to the listed private providers or the services to be provided
621 by those private providers, the fee owner or the fee owner's
622 contractor shall, within 1 business day after any change or
623 within 2 business days before the next scheduled inspection,
624 update the notice to reflect such changes. A change of a duly
625 authorized representative named in the permit application does

not require a revision of the permit, and the building code enforcement agency shall not charge a fee for making the change. ~~In addition, the fee owner or the fee owner's contractor shall post at the project site, before the commencement of construction and updated within 1 business day after any change, on a form to be adopted by the commission, the name, firm, address, telephone number, and facsimile number of each private provider who is performing or will perform building code inspection services, the type of service being performed, and similar information for the primary contact of the private provider on the project.~~

(6) A private provider performing plans review under this section shall review the plans to determine compliance with the applicable codes. Upon determining that the plans reviewed comply with the applicable codes, the private provider shall prepare an affidavit or affidavits ~~on a form reasonably acceptable to the commission~~ certifying, under oath, that the following is true and correct to the best of the private provider's knowledge and belief:

(a) The plans were reviewed by the affiant, who is duly authorized to perform plans review pursuant to this section and holds the appropriate license or certificate.

(b) The plans comply with the applicable codes.

Such affidavit may bear a written or electronic signature and

652 (7)

653 (b) If the local building official provides a written
654 notice of plan deficiencies to the permit applicant within the
655 prescribed 20-day period, the 20-day period shall be tolled
656 pending resolution of the matter. To resolve the plan
657 deficiencies, the permit applicant may elect to dispute the
658 deficiencies pursuant to subsection (14) ~~(13)~~ or to submit
659 revisions to correct the deficiencies.

660 (d) If the local building official provides a second
661 written notice of plan deficiencies to the permit applicant
662 within the prescribed time period, the permit applicant may
663 elect to dispute the deficiencies pursuant to subsection (14)
664 ~~(13)~~ or to submit additional revisions to correct the
665 deficiencies. For all revisions submitted after the first
666 revision, the local building official has an additional 5
667 business days from the date of resubmittal to issue the
668 requested permit or to provide a written notice to the permit
669 applicant stating which of the previously identified plan
670 features remain in noncompliance with the applicable codes, with
671 specific reference to the relevant code chapters and sections.

672 (8) A private provider performing required inspections
673 under this section shall inspect each phase of construction as
674 required by the applicable codes. Such inspection may be
675 performed in-person or virtually. The private provider may have

682 entitled to receive reemployment assistance benefits under
683 chapter 443. The contractor's contractual or legal obligations
684 are not relieved by any action of the private provider.

685 (9) A private provider performing required inspections
686 under this section shall provide notice to the local building
687 official of the date and approximate time of any such inspection
688 no later than the prior business day by 2 p.m. local time or by

690 jurisdiction. The local building official may not prohibit the
691 private provider from performing any inspection outside the
692 local building official's normal operating hours, including
693 after hours, weekends, or holidays. The local building official
694 may visit the building site as often as necessary to verify that
695 the private provider is performing all required inspections. A
696 deficiency notice must be posted ~~at the job site~~ by the private
697 provider, the duly authorized representative of the private
698 provider, or the building department whenever a noncomplying
699 item related to the building code or the permitted documents is

704 charged by the local jurisdiction as a result of the local
705 jurisdiction's audit inspection occurring before the performance
706 of the private provider's inspection or for any other
707 administrative matter not involving the detection of a violation
708 of the building code or a permit requirement.

709 (10) If equipment replacements and repairs must be
710 performed in an emergency situation, subject to the emergency
711 permitting provisions of the Florida Building Code, a private
712 provider may perform emergency inspection services without first
713 notifying the local building official pursuant to subsection

each phase of construction for which permitting by a local enforcement agency is required. The private provider, upon completion of the required inspection ~~before leaving the project site~~, shall post each completed inspection record, indicating pass or fail, ~~at the site~~ and provide the record to the local building official within 2 business days. Such inspection record may be electronically posted by the private provider or the private provider may post such inspection record physically at the project site. The private provider may electronically transmit the record to the local building official. The local building official may waive the requirement to provide a record of each inspection within 2 business days if the record is electronically posted or posted at the project site and all such inspection records are submitted with the certificate of compliance. Unless the records have been electronically posted, records of all required and completed inspections shall be maintained at the building site at all times and made available for review by the local building official. The private provider shall report to the local enforcement agency any condition that poses an immediate threat to public safety and welfare.

(12) ~~(11)~~ Upon completion of all required inspections, the private provider shall prepare a certificate of compliance, on a form acceptable to the local building official, summarizing the inspections performed and including a written representation, under oath, that the stated inspections have been performed and

754 the private provider shall be substantially in the following
755 form and shall be signed and sealed by a private provider as
756 established in subsection (1) or may be electronically
757 transmitted to the local building official:

758

760 components and site improvements outlined herein and
761 inspected under my authority have been completed in
762 conformance with the approved plans and the applicable
763 codes.

764
765 (13)~~(12)~~ No more than 2 business days after receipt of a
766 request for a certificate of occupancy or certificate of
767 completion and the applicant's presentation of a certificate of
768 compliance and approval of all other government approvals
769 required by law, the local building official shall issue the
770 certificate of occupancy or certificate of completion or provide
771 a notice to the applicant identifying the specific deficiencies,
772 as well as the specific code chapters and sections. If the local
773 building official does not provide notice of the deficiencies

779 the applicant may elect to dispute the deficiencies pursuant to
780 subsection (14) ~~(13)~~ or to submit a corrected request for a
781 certificate of occupancy or certificate of completion.

782 (15) ~~(14)~~ For the purposes of this section, any notice to
783 be provided by the local building official shall be deemed to be
784 provided to the person or entity when successfully transmitted
785 to the e-mail address ~~facsimile number~~ listed for that person or
786 entity in the permit application or revised permit application,
787 or, if no e-mail address ~~facsimile number~~ is stated, when

790 official, or local government may not adopt or enforce any laws,
791 rules, procedures, policies, qualifications, or standards more
792 stringent than those prescribed by this section.

793 (b) A local enforcement agency, local building official,
794 or local government may establish, for private providers and
795 duly authorized representatives working within that
796 jurisdiction, a system of registration to verify compliance with
797 the licensure requirements of paragraph (1) (n) ~~(1) (j)~~ and the

(21) Notwithstanding any other law, a county, a municipality, a school district, or an independent special district may use a private provider to provide building code inspection services for a public works project, an improvement, a building, or any other structure that is owned by the county, municipality, school district, or independent special district.

Section 5. Paragraph (a) of subsection (7) of section 553.80, Florida Statutes, is amended to read:

553.80 Enforcement.—

(7) (a) The governing bodies of local governments may provide a schedule of reasonable fees, as authorized by s. 125.56(2) or s. 166.222 and this section, for enforcing this part. These fees, and any fines or investment earnings related to the fees, shall be used solely for carrying out the local government's responsibilities in enforcing the Florida Building Code. When providing a schedule of reasonable fees, the total estimated annual revenue derived from fees, and the fines and investment earnings related to the fees, may not exceed the total estimated annual costs of allowable activities. Any unexpended balances shall be carried forward to future years for allowable activities or shall be refunded at the discretion of the local government. A local government may not carry forward

an amount exceeding the average of its operating budget for enforcing the Florida Building Code for the previous 4 fiscal years. For purposes of this subsection, the term "operating budget" does not include reserve amounts. Any amount exceeding this limit must be used as authorized in subparagraph 2. However, a local government which established, as of January 1, 2019, a Building Inspections Fund Advisory Board consisting of five members from the construction stakeholder community and carries an unexpended balance in excess of the average of its operating budget for the previous 4 fiscal years may continue to carry such excess funds forward upon the recommendation of the advisory board. The basis for a fee structure for allowable activities shall relate to the level of service provided by the local government and shall include consideration for refunding fees due to reduced services based on services provided as prescribed by s. 553.791, but not provided by the local government. Fees charged shall be consistently applied.

1. As used in this subsection, the phrase "enforcing the Florida Building Code" includes the direct costs and reasonable indirect costs associated with review of building plans, building inspections, reinspections, and building permit processing; building code enforcement; and fire inspections associated with new construction. The phrase may also include training costs associated with the enforcement of the Florida Building Code and enforcement action pertaining to unlicensed

contractor activity to the extent not funded by other user fees.

2. A local government must use any excess funds that it is prohibited from carrying forward to rebate and reduce fees, or to pay for the construction of a building or structure that houses a local government's building code enforcement agency or the training programs for building officials, inspectors, or plans examiners associated with the enforcement of the Florida Building Code. Excess funds used to construct such a building or structure must be designated for such purpose by the local government and may not be carried forward for more than 4 consecutive years.

3. The following activities may not be funded with fees adopted for enforcing the Florida Building Code:

a. Planning and zoning or other general government activities.

b. Inspections of public buildings for a reduced fee or no fee.

c. Public information requests, community functions, boards, and any program not directly related to enforcement of the Florida Building Code.

d. Enforcement and implementation of any other local ordinance, excluding validly adopted local amendments to the Florida Building Code and excluding any local ordinance directly related to enforcing the Florida Building Code as defined in subparagraph 1.
