

MEMORANDUM

TO: Chair Montanari and Member of City Council

FROM: Tom Greene, Assistant City Administrator

CC: Dr. Kanika Tomalin, Deputy Mayor/City Administrator

DATE: August 13, 2021

RE: ARPA Report to City Council August 19, 2021

During the August 19, 2021 City Council meeting the Administration will provide a report on the public input we received with respect to the American Rescue Plan Act (ARPA).

Our plan is to report the results of our outreach and discuss a proposed allocation of the resources based on the results. Following our discussion of August 19, the Administration will develop a plan of action to invest the resources. Similar to the process we followed with the recently approved Retention and Resiliency Plan, we will return to City Council in the future with the needed legislative actions to fund the proposed investments.

We look forward to discussing the results with City Council.
