

PUBLIC WORKS NOTICE 11/14/2018

Your chance to weigh in on 40th Avenue Bridge design

St. Petersburg, Fla. – (November 2, 2018) – As part of the continuing Public Outreach and Community Involvement for the 40th Avenue NE Bridge Project, City Engineers and members of the design team will be presenting initial project plans and drawings for public perusal on November 27, 2018 6-8 p.m.

North East Park Baptist Church
3737 First Street NE
St. Petersburg, FL 33704.

Community members will have the opportunity to pick their favorite barrier and lighting design choices.

While this won't be a binding "vote," those in attendance at the community meeting on November 27 will have the opportunity to opine on how this bridge will look and how it will fit in with what's already in the neighborhood. Only those there will have the opportunity to memorialize their choice(s) through an interactive preference poll.

Materials from the presentations on November 27 will be made available online at www.40thAvenueBridge.com immediately after the meeting, but there will not be an opportunity to express "preference" unless you attend the meeting.
