- 3. Approval of May 30, 2019 Minutes** – CM Gabbard moved approval, all members voted in favor.

Chair Montanari opened the meeting. announced that the bulk of the meeting would be a discussion on both State and Federal legislation priorities.

John Rodriguez gave opening remarks stating the Florida Legislative session will begin in January and committees will start the week of September 16, 2019 for both Senate and House. Bills are being filed with roughly 150 House bills and 180 Senate bills filed so far.

Dr. Sharkey stated that the House appropriate billing filing deadline of November 5, 2019. The Senate does not have a deadline for filing bills. The Governor's office is working on budget requests. The revenue estimating conference met saying there is about a 280-290 million dollar surplus estimated for this budget year, but that they are anticipating a slowdown in revenue and that would evaporate in 2021.

State priorities:

CM Gabbard asked Chair Montanari if he would like Council to submit a list of the particular bills that they are interested in that the Committee could come back and discuss. Chair agreed.

CM Gabbard last year worked with legal staff and Forward Pinellas to get an amendment to the Right to Farm Act which did not happen. This year they are working on a separate standalone that would allow commercial use inside urban areas.

CM Rice asked that in communications and lobby visits to make our best attempt to align with the priorities of other agencies that we are a part of, such as Forward Pinellas, Tampa Bay Water and other organizations. Focus on allowing FDOT to free up program funds for transit options for areas that are built out, particularly Pinellas. Keep an eye on changes in the regulatory

framework dealing with injection wells and potable reuse. CM Rice further stated that there is a potable reuse commission that has been tasked with coming up with recommendations to the legislature on potable reuse wells and that there are serious legislative efforts to look at this new technology as a potential drinking water supply source.

Chair Montanari stated the Carter G. Woodson African American Museum is still a priority. CM Montanari has not seen anything filed yet by Senator Rousson and would like to take another run at that. Dr. Sharkey was asked if he has read SB150 filed by Senator Brandes about sanitary sewer laterals and if he could comment as to the bill. Dr. Sharkey commented that the bill encourages local governments to develop an inspection program by July 2022. There is no house sponsorship yet but anticipates that there will be. CM Montanari commented that is a priority for the City and would like the state to look at some sort of funding mechanism. Sadowski Trust is always a priority. CM Montanari would like to see more funding from the state to address the infrastructure issues with our bridges.

CM Driscoll there are two bills that have been filed regarding cannabis offenses and likes this being addressed on a statewide level. Another issue to watch has to do with vessel storage to deal with derelict and abandoned boats.

CM Gabbard commented as to sweeping trust funds, that trust funds overall should be used for what they were meant for.

Federal priorities:

CM Gabbard stated the National Flood Insurance Program is coming up for renewal on September 30th. Renewal, but there is no sign that true reform is coming forward. The House has passed a bill, but the Senate refuses to take it up. We have to continue to fight for reform for our residents. CM Gabbard would like us to follow the HUD Inspection Act of 2019. Transportation at the federal level.

CM Rice commented that we should look at ways to work with Representative Kathy Castor on climate issues.

Chair Montanari two federal priorities are NOAA relocation and if/when there is a high-speed rail line from Orland to Tampa that it be extended to St. Petersburg.

Chair Montanari announced that the St. Pete Chamber of Commerce St. Pete Days in Tallahassee has been scheduled for February.

The next LAIR meeting will be scheduled for October 17.

Meeting was adjourned at 2:36 pm.
