EMAIL ALERTS

In an effort to increase our level of plan review service we are now offering an email or fax alert that will provide comments in real time, as they are completed. Please note this is not a complete review of your project but will provide review comments as each agency completes the review. This will be in addition to the complete summary you will receive when all reviews have been completed.

To sign up for email or fax notifications for the most recent plan review comments please complete the contact information below:
